## Christmas Festivities.

The Christmas season was fitting-  
ly celebrated at the local churches  
and schools throughout the dis-  
trict, the fine weather enabling big  
crowds to get out.

An enjoyable musical service was  
held at St Barnabas church Christ-  
mas eve, the evergreen decorations  
and flowers creating quite an old  
time Christmas spirit. The pro-  
gramme was as follows:

Proclamation hymns, O Come all ye  
Prayer, Ren. R. Brand  
Hymns, Hark, The Herald Angeli-  
cally, and song, Primary class  
Reading, Evelyn Williams  
Lenten, Rev Brand  
Quartet, Holy Night Edna Schol-  
field, Mrs Wright, Mr Schofield  
J. Bosbury

Song, White Shepherds Watched-  
Reading, Canon Ainsworth  
Chorus, Ours in David's Royal City  
Recitation, Ruby Bels

Distribution of treats

The programme committee were  
Mrs A. J. Robertson, Mrs H. J.  
Wright, Mrs P. Ainsworth.

## At the Presbyterian Church.

The Christmas tree and enter-  
tainment at the Presbyterian church  
was a great success. Monday even-  
ing, when the following program  
was given:

Mrs. A. J. Robertson was the guest of honor at a card party and handkerchief shower held at the home of Mrs. J. L. Hunter Monday evening last, on the occasion of her birthday. Ten couples were present, playing bridge. Mrs. W. L. Harmon and Mr. Deneau were the first prizes and Mrs. Robertson and Mr. Wright the consolation.

#### BIBLE INSTITUTE NOTES

"Spirit, Soul and Body" will be the subject of Mr. L. R. Maxwell's talk Sunday at 1:30. All interested are much invited.

The musical program of last Friday evening by the Young People was appreciated by many who attended. A large number came in from outside points, including a number of missions.

John Stender, who went to Calgary for medical treatment, is said to be in a critical condition. Char Duchesneau, who has been feeling unwell lately, received word of the death of a brother at Van Island.

Christa Tietmeyer left Monday for the General Motors School at Regina.

On Friday evening last, ladies gathered at the home of Mrs. J. R. Hunter to tender a wedding shower to Mrs. Bruce Sanderson. Ruth Milne, a basket overflowing with gifts, was presented to the bride. The speech in the bride was given by Mrs. Sanderson and musical selections by Mrs. Christian and Miss Quigley. The serving of lunch concluded a very happy evening.

Madam Karinka will sing at the Presbyterian Church Sunday. See notice on front page.

For the fifteenth year H. W. Wood has again been chosen as president of the C. F. A.

The Trochus hospital dates have been fixed for Feb. 1 to 6th. Bishop Sherman opened the new Anglican church at Carbon last Sunday.

On Dec 29 a son has been born to the family of Mr. and Mrs. J. L. Hunter. The baby weighed 10 lbs. and was named John. The father and mother are both well.

Saturday evening last the married men played the bocce ball on an outdoor rink, the married men winning. The J. F. Clark and A. Sheline rink played the Dahn and Cunningham rinks.

At the annual school meeting Monday evening, only the members of the board were present, and routine business only transacted. The financial statement was published in The Capital last week.

Mr. and Mrs. Mowley wish to thank all the folks who so kindly helped them at the occasion of the disastrous fire.

### Three Hills Enjoys Musical Treat

Three Hills is seldom favored with a musical treat such as we received Sunday last. Three fine arrangements made by Rev. R. C. Acheson and Mr. Nicholas Madam Karaska, a Russian from the international band, visited Three Hills singing and speaking at the Protestant Church in the evening and at the Bible Institute on the afternoon. Her wonderful voice, with its volume and range, held the record audiences spell bound.  
In 1921, while on her way to fulfill a musical contract in the States, she was converted and turning up the contrast she has since devoted her talent to evangelistic work. A largely attended revival was held on Wednesday evening at which Madam Karaska sang some of the old Russian ballads and folk songs, dressed in the national costume.  
After singing at the regular service of the Bible Institute, she gave a talk in the large number of her companions in the audience in their own tongue.

### NOMINATIONS

The nominations for town council and school board Monday morning resulted as follows: The two retiring trustees, W. Ellis and H. Murray, were re-elected by acclamation. For the three remaining councilors—Messrs. Jenkins, Mc Donough, S. J. Robertson four were nominated: R. Jenkins, S. J. Robertson, Alb. Henderson and Frank Ainsworth. The election will take place next Monday.

### Tobogan Accident

A serious tobogan accident occurred on Sunday afternoon, when Mrs. Fred King and Miss Beattie Armstrong were hurt while tobogganing with a party on the Bon-merville hill. It was the 23rd anniversary of Mr. and King and the party was celebrating the occasion. Miss Hattie and her brother from Carbon were on the tobogan with Mrs. King and Beattie Armstrong when it started to one side and struck the fence. Mrs. King had her mouth and neck badly cut, and Beattie Armstrong was struck between the ear on the fence post, fracturing her ear drum. Both were unconscious for some time but are now making a good recovery. This was Mrs. King's first experience at tobogganing.

### AXEL AXELSON LEAVES BEHIND HOT MESSAGE

Mr. Axel Axelson, well known in UFA circles, arrived in town Tuesday and addressed a meeting of farmers gathered in a hall here by Mr. Bruce. Mr. Axelson is a hot radical, being on his guard in his views that his colleagues are more or less afraid to say with him. He is in favor of compulsory paid and his views on religion, education and socialism are well known. He is a strong advocate of a change in the Federal system. He is a radical and appears to be out on a lone campaign of his own. It is known as to-night present and we wish we had having and space to give much more of it. Education, Mr. Axelson said, was needed most in the co-operative movement, not more than business.

### High School Party

Thursday evening last the High School pupils were treated to a party by the Literary Society, in the assembly hall of the school. Besides games and singing, a short program was arranged. A sketch, "The Minister's Mistake," was given by Margaret Mills, Jennie Fisher and Marjorie Gibson. An essay on "Women" was read by Fayle Bowley and responded to by an essay on "Women" by Alden Street. The party finished up with a lunch of ice cream and cake.

### CURLING

The final play off in the Inter-Bank competition took place Monday between the Clark and Holmquist rinks. J. F. Clark taking the game. It was a good game, before a well packed gallery.  
Three local rinks are standing the "Trough" speed: D. J. Wittem, H. T. Howe and A. Blomke rinks.

Mr. Alan Campbell, an oldtimer of Union Free, passed away at his home in Calgary, after an illness of about a year. He was born at Chest Free, selling out in 1925.

On Friday a fire will be held at the Bible School. The girls will give a short ring. In case of fire it will ring immediately.

## "HE WAS JUST GOING TO"

Mr. Geo. F. was fully convinced that he should have insurance protection and, having filed an application for a \$10,000 policy, was ready to sign a check for the first premium. But the insurance company could not be completed until he had been examined by a doctor. "We would have to have his medical examination immediately," he was told. "He would have more time next the next week." — He did, indeed, but just a few days later. About \$20,000 of his insurance was applied for on the contract in one year, which, on account of ill health, could not be issued. "I wish you may be in right physical condition, but not in the right mental state to insure," TOBACCO, the situation may be relieved. ARE YOU HEALTHY? Are applications will divide the money. With one million you get paid about double savings amount interest, and save for use in life. It will pay just to see us.

### ROUTINE BUSINESS AT COUNCIL MEETING

The regular meeting of Council was held on Tuesday night, the following business being transacted: Application from L. Kalbfleisch to move westward to rear of A. F. Eaton building—approved. Application from 12 residents at north and east of town for timber walk and street—left for future consideration.

Application by P. L. Gibbons to build garage—approved. An application from Mrs. Whitson and Mrs. Thompson to rent town hall to hold a dreammaking and art work course—left for arrangement.

Application for use of skating rink for tennis courts—approved. Information re a new fire engine—was submitted, and the tests now proceeding in Calgary were to be noted.

Full taxes and dog taxes were to be collected at once.

The hospital petition tabled at last meeting was again brought up, and further legislation pending re municipal hospital, action in the matter was postponed.

The following accounts were passed: Union Bank Co. 75.00 Mr. Johnston 1.75 W. Young 25.00 W. L. Harmon 25.00 Capital 819 Robinson Bros. 25.00 Tiesho Hospital 25.00 Falsafie 4.00 Insurance 62.70

### JENKINS' GROCERIES OPENS SATURDAY

Mr. McDonald, of the Jenkins' Groceries, has been busy with his letters rearranging and relocating their needs. A special prospectus at the Clark store the work is to be completed Saturday, when the store will open with Mr. J. E. Tibb, who has been in charge of one of the company's stores at Poncha, in charge of the manager Edward Harmon is to be retained as assistant, and very little change will be made in the general working of the store. This makes 31 stores now operated by the Jenkins' Groceries, 17 city and 14 country stores. The one at Lethbridge was the last, opened last fall. A large new warehouse for the company has been erected in Calgary.

Frank Clark has not given out what he is going to do. He indicated that he would likely go into the butcher business, but we don't believe him.

### LADIES' FREE FOR ALL AT THE CURLING RINK

Four bags of flour and four bags of oatmeal, which were oversubscribed for the recent bazaar, was handed over to the lady curlers, and the competition was played off Saturday last. Four risks comprised, with a man to ship each.

Mrs. Mudgett, Mrs. Shortreed, Mrs. Colburn, Mrs. Patton and Mrs. Wither.

Mrs. Raffan, Missie McCulloch, Mrs. E. M. Husley, Mr. Howe and Hugh Dinkie.

Mrs. T. Hill, Mrs. Hughes, Mrs. W. S. Robertson, Mr. Johnson, Gladie Leathley, Mrs. Burdill, Mrs. Young and Dad Cunningham. In the afternoon Mrs. Young beat Mrs. Robertson 8 to 7 and Mrs. Colburn beat Mrs. Husley 9 to 8. They were both close games, the last rocks deciding the winner.

In the evening it was a stiff, tired crowd of ladies who turned up for the finale. Mrs. Young played Mrs. Colburn for the first prize, 50 1/2 floor. It was a hard fought game. At the end of the eighth they were tied, 7-7, so an extra end was played, giving Mrs. Young 10. On points later, however, it was agreed that a mistake in scoring had been made, and the first prize went to Mrs. Colburn's risk.

For the consolation prize, 20 the rolled oats, Mrs. Husley played Mrs. Robertson, the latter winning. Although it was a hard days work for the ladies, they thoroughly enjoyed the sport and wish to thank the men's curling club for contributing the prizes and arranging the play.

## JENKINS' GROCERIES OPENING ANNOUNCEMENT

Having purchased the business of J. F. Clark at this point, we have been busy all week in remodeling and decorating our latest address to our chain of 31 stores in Alta. Our policy will be fair dealing with all, courteous service, and fair prices on all goods sold. We absolutely stand behind all goods sold, and we invite the public of Three Hills and district to give us a call on Saturday, March 6 and look over our fresh, clean stock. Our prices are all plainly marked on same, and you can see for yourselves what we can save you on your food bill. We will take in your produce at market prices.

## "HE WAS JUST GOING TO"

Mr. Geo. F. was fully convinced that he should have insurance protection, and having filed out an application for a \$2500 policy, even made out a cheque for the first premium. But the insurance, in the meantime, had been cancelled without his knowledge. He reported him to have his medical examination, and he was told to get it off. He would "have more time next the month." — He died, uninsured, just a few days later.

About \$20,000.00 of life insurance was applied for on this contract in one year, on account of ill health, could not be issued. TO-DAY you may be in a tight financial condition, but not in the right mental mood to insure. TO-MORROW, the situation may be reversed. ARE YOU? INCREASING An application will decide the point. With our policies you get about double average annual interest, and save for your life. It will pay you to see us.

# Reduce the Acid

Back stomachs, sour stomachs and  
digestion usually means recent acid  
indigestion. There are several causes  
for this. Too much acid weakens the stomach  
and hinders its work.

Dr. Williams' Pink Pills for Pale People  
restores to Phillips' Milk of Magnesia, but  
does not harm the bowels. (Lansdale does  
not contain any laxative in its volume  
of food. Since its invention, 60 years ago,  
has remained the standard with  
all physicians everywhere.

Take a spoonful in water and  
suffering conditions will probably  
be cured. If you wish to  
know what to do Crode and his

### Wage War Against Cancer

Provincers Of Saskatchewan Taking The Lead In Combating Garguise

WHILE Saskatchewan about to take the lead in all Canada in the fight being waged against cancer, setting up two main clinics, one in Regina and one in Saskatoon, and purchasing radium to the value of \$120,000, just a few statistics on the disease may be of interest.

The Chinese peanut crop, which now exceeds the American production, had its beginning in four quarts of American peanuts taken to China about forty years ago by a missionary.

The United Ladies Aid will meet at Mrs. J. P. Clark's home on Thursday the 3rd.

Mr. and Mrs. W. A. James are back home again after their water journey at Lundy and the Coast. Mrs. James returned last week-end. They had a most enjoyable time, but are glad to be home again.

Several valuable dogs appear to have been poisoned around town lately. It is not known how it occurs, but if anyone is having a dog around, it is not only a criminal offence, but a most dangerous thing to do.

The Live Wire Club has got away to a good start on their play "Safety First," practicing being in full swing.

CHEVROLET AND McLAUGHLIN CARS

A peculiar accident occurred to P. L. Gibbons a Star truck last week. He was trading it in on a new one and John Deere was driving it down to Calgary. When near Tassanow trouble developed in the engine and while attempting to fix it the front end burst into flames. There was nothing left to see in it.

An enjoyable whist drive was held at the home of Mr. and Mrs. Tom Currie Thursday last. Mrs. A. B. Anderson and Mr. Lee were the first prizes and Margaret Robertson and Mr. A. B. Anderson the consolation. Lunch was served at the close.

Mr. Roland Wilson is back in the district again after spending the winter at the Mountain House.

Mrs. C. P. McDonough has received word of the death of her father, Mr. Thomas McDonough, which occurred on Saturday at Spring field, Ont.

Come and enjoy the musical program at the spring time tea at Mrs. Wither's home this Friday.

The St. Barnabas Guild will meet at the home of Mrs. J. Robert on Tuesday. All are welcome.

Mrs. Anderson was the guest of honor at a birthday tea last Sat. at the home of Mr. McDonough. About fifteen ladies being present.

**WORK OPENS IN TOWN AND COUNTRY**

Spring, which has been rather slow in coming this year, is in the air. The gophers are out and the crows are back. The work of the government will soon be renewed in the voice of the bull frog and our thoughts will all be fastened on building operations which lead to an atmosphere of progress to things, and the farmer will put in his seed about the Pool over looks or not. Roads are doing up fast and in spite of conditions, the amount of work will be large.

Stanley LaRue has let the contract for his new billiard and pool hall to E. Colberg, the building is to be finished by the 15th of May. It is to be 30x50, brick and tile, with plate glass front. Most of the equipment is already purchased and Mr. LaRue expects to have one of the finest halls of any country town.

The first enrolment of new 1930 cars, unfilled last week at the Ford Garage. It is certainly a sorry looking car.

Mr. Jackson, south-east of town, started seeding Monday last. About 2000 acres of land and four work was mowed out on his land last week with the harrow.

**GHOST PINE NEWS**

The Ghost Pine Athletic Assoc. put on a most attractive concert last night at the Laramie school. About \$50 was realized. The program was as follows, with Claude Davidson as chairman.  
Recitation "A Bond of One" by Mr. W. Owen  
Sketch "A Good Day's Work" by James Laumann, James Bishop  
Song by Fred King  
Recitation by Billie Bishop  
Instrumental by the Ghost Pine Band  
Song by Tom Pullett  
Sketch "Newspaper Persecution" by Jack Ramsey, Norman King  
Recitation by J. B. Cullen  
Song by Harry Buckton  
Sketch "Compassion" by Marcel  
Med. Mistle and Will Stewart  
Recitation by Fred Smith  
Recitation by Miss Gray  
The lunch baskets were then sold and dancing enjoyed.

The land around Ghost Pine is almost all shaggy for several years expect to be on this week.

The crows and gophers are out again and Mrs. Bishop says that a robin has started building in their trees.

**IN BARNABAS TEE**

The St. Barnabas Guild is holding a Tea at the home of Mrs. A. J. Behrens, Tuesday, April 15th. There will be a lovely table, fancy food and an hour's Garden for ladies and children.

When it baring his car license last week, Leroy Brown stopped out of the office to find his Ford gone, and no trace of it has yet been found.

Mr. Gibb, of Jenkin's Garage, and family moved into the Beattie home this week.

**At Torrington**

Quite a little activity this spring is taking place out at Torrington. Powerget trains are not yet running but the C.P.R. is building its supplies over the steel. The following business places are already operating: The Milne Hardware, a Blacksmith Shop, Gage's Garage, in part of whose building Mrs. Bell has her store, Dave's Transfer, four elevator shafts have been taken, and Mr. Hager is building a poolhall.

The annual meeting of the Curling Club will be held in the Town hall, this Friday evening, at 8 p.m. A good attendance is desired.

**FOR SALE** I second hand 1929 Mo. Chevrolet touring car, in last year's 1930 1930 1930 Chevrolet touring car. These touring cars, guaranteed for 10000 miles. Also I second hand 1929 Buick dual drive, in good shape. Apply to

## HOW MUCH LIFE INSURANCE SHOULD A MAN CARRY?

Do you realize how small is the income that \$5000 would produce if invested at a per cent interest? Only \$50 per year. \$5 a month, the very day that the day would not go very far towards supporting the one dependent upon you. \$5000 invested at a per cent interest, which is rather a high rate for an absolutely safe investment, will yield a daily income of \$5, and \$5000 will yield a daily income of \$14.41.  
The average man would need from his bank a per cent paying only \$14.41 a day. Yet many households and families are content to carry only \$5000 insurance which, at best, can leave their families with no means of more than the day.  
Are you sufficiently insured? Think it over. If there is any question or trouble, perhaps we can help you. We are always at your service.

### "Safety First"

Be sure to see the Live Wire Safety First on Thursday April 15th in the Journal Times. It is a comedy with a moral cost of \$100,000, children \$50.

An interesting and illustrated story from The Crown of Thorns of the story of the death of Jesus Christ. It is a story of the most ancient and old and is presented in connection with the Good Friday at 11 A.M. there will also be a most of a noble melody.

Mr. and Mrs. P. K. Kirk, who spent the winter at Victoria, have returned to Seattle. Mr. Kirk is now much better in health but will remain in the Sanatorium for the summer at least.

Three Times and Out.  
The first of the group of a family spent the week end with their friends at Three Hills. There were about 150 people. The weather was very good. The party was very successful. The party was very successful. The party was very successful.

## Noted Speaker Coming Here at the Chautauqua

Henry Black Burns to Give His Tenth Lecture "Where Criminals Come From"

Dr. Henry Black Burns, noted specialist on criminology who has been secured to speak here at the coming Canadian Chautauqua, appears one of the most interesting subjects before the public today. The problem of the criminal-minded and the possibility that they are being made toward discovering a cure for criminal tendencies.

**DR. HENRY BLACK BURNS**  
What is the psychology of a criminal? What makes a man turn a perhaps brilliant mentality to the pursuit of activities beyond the law? Is the criminal a man in the shadow of some mental or physical disease? and can he be helped? Is there a connection of some subtle malady in the present-day social system? These are some of the salient points of Doctor Burns' vital lecture "Where Criminals Come From." Noted judge and lawyer throughout the continent have enthusiastically welcomed the work Doctor Burns is doing in criminal investigation. Civic clubs and educational institutions have called him to their communities time and time again.

Although Doctor Burns deals with law, with psychology and more, he is himself a poet and writer that his lecture is immensely interesting as well as mentally stimulating. Not only is he a recognized authority on criminology, but he is a consummate writer and poet as well and brings a fine scholarship, a keen insight and a warm heart to his lecture work.

## ELKS' SPORTS DAY IS GOOD SUCCESS

A very fair crowd attended the  
 Elks Sports Dinner, in spite of the  
 fact that the rain was celebrat-  
 ing the day. The men began to get  
 busy about ten o'clock when the  
 boys appeared on the streets with  
 their gaily decorated bikes. There  
 were plenty of passes around and  
 a car load of Elks' Chorus made lots  
 of fun, whilst the local band sup-  
 plied the music. The Three Hills  
 School band first gave a fine per-  
 formance, followed by the Elks' band.

In the ball tournament, Boucher  
 and Three Hills tied, the game  
 going in the latter who's Boucher  
 declined further play. Tatum  
 had an easy win over Thelma Peck,  
 and again in the evening had a  
 walkover with the local boys, sec-  
 uring first money.  
 The Boucher boys again took  
 first with their team pony, and the  
 Sheldahl pony race was won by  
 Joe Albrecht. O'Byrne Kelly  
 getting second. The boys' bicycle  
 race was captured by Schreyer.  
 Leonard Boucher getting second.  
 The 220 yard dash was won by  
 Smith, Raymond Burke, second.  
 There were lots of children's races.

## CONSERVATIVES PICK THEIR CANDIDATE

A most enthusiastic Conserva-  
 tive convention was held at Oils  
 on Monday last, attended by about  
 100 from all parts of the Red  
 Deer constituency. Mr. A. J. Rob-  
 ertson, representing Three Hills.  
 Mr. W. J. Butterfield was chosen as  
 Dominion conservative candidate  
 for the election, July 28.

A constituency organization was  
 formed, with Hon. R. B. Bennett  
 and D. M. Peggan, hon. patrons,  
 W. J. P. a vice-president and W.  
 R. P. a vice-president. Local  
 members of the executive are Mr.  
 A. J. Robertson, Dr. Snyder and  
 W. R. Nelson.

Five names were brought  
 forward as candidates. W. J. But-  
 terfield, of Red Deer; Mr. Stewart,  
 west of Oils; Mr. Mackie, Alta; Dr. Snyder  
 and A. J. Robertson. At the first  
 ballot, Butterfield being well in the  
 lead, all the rest withdrew, making  
 the choice unanimous. Mr. But-  
 terfield is in real estate and insurance at  
 Red Deer, a returned man and a  
 prominent member of the Massey-  
 order. Kathman's addresses were  
 made by the candidate and Mr.  
 Dugan, the whole convention be-  
 ing very optimistic of success as  
 it was confidently expected that  
 there would be a strong antipathy  
 of all parties in support of Mr.  
 Butterfield and his leader, Mr. Bennett.

At the Liberal convention last  
 week for this constituency, attend-  
 ed by Hon. Mr. Stewart, minister  
 liberal premier of Alberta, no action  
 was taken as to the placing of a  
 liberal candidate to contest the seat  
 now held by Mr. Speckman, pro-  
 gressive, in the Dominion parlia-  
 ment. It looked so as if the differ-  
 ent factions could not come together,  
 and it was left for the executive to  
 take any action they saw fit later.  
 Mr. Stewart spoke highly of the  
 work of Mr. Speckman.

A double wedding of much inter-  
 est in people of Three Hills and  
 Louisa was solemnized in Knox  
 United Church, Calgary on June  
 28th when the Rev. Dickson married  
 married Elizabeth Aileen, daugh-  
 ter of Mr and Mrs C. A. Davis, to  
 Mr S. E. Kerr, son of Mr and Mrs  
 Kerr of Louisa, and Jennie Rita  
 Keith, daughter of Mr and Mrs  
 Keith, to Mr A. A. E. Davis, son  
 of Mr and Mrs C. A. Davis. After the  
 ceremony the bridal party part-  
 ied at a sumptuous dinner at the  
 Club Cafe. The guests were Mrs  
 E. McCann and Florence, Mrs  
 W. Crowder, Miss Charles Doro,  
 and Mr E. Meyer. After a short  
 honeymoon, Mr and Mrs Kerr will  
 reside in Dandin and Mr and Mrs  
 Davis will reside in Turner Valley.

# The Bacon Export Market Neglected As Canadian Hog Industry Fails To Expand

Reports of losses from Canada to the U.S. this season. The hog market in Canada is no longer what it once was. In 1918, the hog industry was at its peak, with a total of 1,000,000 hogs. This year, however, the total is only 700,000. The reason for this is the lack of expansion in the industry. The Canadian hog industry has failed to expand, and this has led to a decline in the export market. The United States, which is the largest market for Canadian hogs, has seen a decline in demand. This is due to a variety of factors, including the loss of the Canadian market to the United States and the decline in the Canadian hog industry. Shows  
*Gum-Dipped*  
Cords  
are Stronger-Tougher

HERE is a test which easily proves the value of Gum-Dipping—the extra patented Firestone process of securing and insulating every fibre of every cord in a Firestone tire with rubber to eliminate internal heat and friction—the greatest enemy to tire life.

A ten-ounce weight is suspended on the end of a strand of a cord (a) taken from an ordinary tire. The strand breaks in 15 seconds. A similar weight is suspended on a Gum-Dipped strand (b) taken from a Firestone tire...it remains unbroken for 65 seconds—three times as long!

Let your nearest Firestone dealer equip your car with a lot of these stronger, tougher, more dependable tires that hold the world's records for mileage and endurance. See him today.

An old time dance is being held in the new Kelly Hardware this Friday evening, sponsored by the Berbak lodge.

Quite a big crowd attended the happy late sports last Wednesday, though perhaps not quite so many local people as last year. The dance cut short the ball game in the afternoon. Around supper time Mr. Speckman spoke in the hall to a large crowd. There were some 500 people at the dance.

Miss Mary Morrison, of Delta, has been visiting with Mabel Howe. Dr. Burdell's mother died last night week for Wisconsin.

Mr. I. W. Brown of Sunnyside lent his car to a friend and then faced a four day of trucking, driving (by and by) and cost. Alce Peterson faced the same charge for being in too big a hurry from Calgary, and received the same award.

Wednesday a storm played havoc with the crops from Treks up to Elmore, 100 per cent haled out completely. The ship extended east almost to the Saskatchewan border. There were eight hail and pests working out of Treks at the time on the previous week's storm.

Mr. Geo. Hope and her brother L. H. Kewell have been visiting at their parents' home at Iras for a couple of weeks.

## The Three Hills Hardware

"An Unusually Good Place to Trade."

Phone 41

Two men were hurt Tuesday afternoon while working on the Tanning bridge, and were taken to Calgary, each with a broken leg, and other injuries. They were Wm. Zeman and Mat Grier, members of a road crew, and had slipped and fallen through.

Another of our old timers of this district, Joseph Frank Dougherty, passed away Thursday last, July 31, after a long illness. He had been in hospital only a few days. He had been suffering from heart trouble for some time, which had become acute only recently. Mr. Dougherty was born in Jackson, O., about 40 years ago and has lived in this district 16 years, having made his present farm. He was married and had one son, a nephew, Chas. Dougherty. The funeral was on Saturday, Aug. 2nd, from the United Church, Rev. A. R. Schrag officiating. He was laid to rest in the Three Hills cemetery. Mr. A. K. Tutton being in charge of funeral arrangements.

The sad death of little Stanley Williams age 5 years, came as a great shock to his parents, Mr. and Mrs. Harry Williams. The little boy was climbing around a dray load of wood and as the team started up he fell off on to his head. The driver, Paul Kinke had not seen him at all. The boy did not appear hurt and went home. Examination of a bump in his head later the doctor was called and he was put to bed and kept quiet. Soon his mother during the night he was sleeping quietly, but again looking at him very early Thursday morning he was dead. No autopsy was thought necessary, as it was a pure accident. The funeral took place on Friday, interment taking place at Three Hills cemetery.

One of the best wheat cutting is Mr. H. Tanks, who started on a field of Garnet wheat July 30th. His son, Paul, also started the binder Aug. 1st. It will go about 10 bu. per acre. Cutting is more general, but the crop and looks as though it would go 15 bu.

Mr. F. Schreier is the new agent for the Alberta Pacific elevator. His family has moved into the house vacated by Mr. Little, who was transferred to Langdon. Mr. Schreier has been in California for some little time.

Fred Peterson got a nasty blow from a baseball bat out at a ball game in the Peace valley last Friday. Bishop had been fanned out and, swinging the bat wider, it accidentally struck Peterson on the head, knocking him unconscious. He was laid up for quite a few days.

The annual cereal crops-field day will be held at the Dominion Exp. Farm, Lacombe, on Wednesday, August 28th. A meeting of the Alberta section of Canadian Seed Growers will be held at the close.

Card of Thanks  
Mr. and Mrs. H. Williams wish to express their thanks to the many expressions of sympathy extended them in their recent and bereavement, and for the beautiful flowers.

Miss Minnie McCallough is back from her motor trip to the western States with her folks. Her mother is visiting with her before returning home.

Mrs. Deuberger has her niece, Marguerite Nelson, visiting her. Mrs. Belet and children are home after spending a few weeks with her mother in Calgary.

A small area of the Orbery district got considerable hail out of Saturday's rain storm, running from 30 to 100 p.c. damage. The ranch insurance has been carried.

## A MOMETOUS TIME

The fate of the Wheat Pool now rests entirely with the  
Pool members.

The Pool will triumph over all obstacles if the membership  
remains steadfast and unmoved by idle rumors.

The struggle is now at the hardest part, and the loyalty of  
every Pool member is of great importance. The result of the  
issue lies with the membership.

The safest place for your wheat is in the Wheat Pool, and  
it should be delivered to Pool elevators.

**AN EASTERN OPINION OF WESTERN FARMERS**

(Mail and Express Terms)

"To suggest that the farmer of the west is content to live a life of  
ease and idleness and to let his land lie fallow is to suggest that  
the western farmer is a miser and a cheat. The western farmer is not going  
to waste the fertility of his soil, break his plowed land, and let his  
seed lie dormant—just because somebody with an axe to grind and not sufficient  
understanding to get an edge on it grows his 1901 crop before a picture  
more dark and troubled than the late winter."

### TOWN COUNCIL MEET

The Town Council met on Tuesday evening with Councillors  
Waters, Kelly, Clark, Jenkins  
Henderson and Robertson present.  
The application was read from  
Mr. F. P. P. for a house opposite  
the school value \$200. Granted  
on condition from Mr. Forsythe let  
house north of Mr. Nicholas, cost  
\$5.50 frame and stucco.

Mr. P. was instructed to con-  
vince proceedings against Mr.  
Dundas of Livestock, for 475  
a hospital bill paid by the Town.

The new cement sidewalk has  
cost about \$800. It was reported

A case was heard at Triche last  
Wednesday in which L. Dugha  
charged Henry Hollier with har-  
assing a girl at him, and also  
of allowing boys to run in his  
yard. Mr. A. J. Robertson ap-  
peared for Hollier. It appears that some  
young boys of Henry's had been  
filling up on People's wheat, and  
the latter had gone to his neighbor  
to restrain. A lively row de-  
veloped in the kitchen the super-  
star being broken broken and the  
altered gun pointing in the place.  
The charge could not be made to  
stick, however, being dismissed  
with cost against People's Hollier  
was ordered to keep his pigs at  
home.

Dr. G. W. Kirby, President of  
Mount Royal College, of Calgary,  
will preach in the Three Hills  
United Church on Sunday evening  
and Saturday School Sunday morn-  
ing. Dr. Kirby is a speaker of inter-  
national concern and one of the  
foremost in the sphere of religion  
and education. Those who have  
been on the College as students  
will be glad to greet the Doctor  
and he earnestly desires to meet  
with them.

Mr. Wilmer returned Sunday  
from his trip down east, where he  
visited both his own father and  
Mrs. Wilmer's father. He also  
attended the Toronto Exhibition.  
Mr. and Mrs. Harris and family  
are home after spending the summer  
in Vancouver.

Rev. R. C. Jackson and Miss  
Archer moved over to Three  
Hills from Regina and are visiting  
friends in the district. Rev. Mr.  
Archer will preach in the Three  
Hills, Bethel and Sacred Presby-  
terian Churches this Sunday.

# Responsibility For World Peace That Rests Upon Those Who Speak the English Tongue

Dr. William Murray Butler, president of the League of Nations, says that the responsibility for world peace rests upon those who speak the English tongue.

Dr. Butler said that the world is now in a state of "anarchy" and that the only way to bring about peace is by the action of those who speak the English tongue. He said that the English tongue is the most powerful in the world and that it is the duty of those who speak it to bring about peace.

## TOWN COUNCIL MEET

The town council met Monday evening following bills were considered paid G. Witter exp and cottage on water samples, \$1.00 G. Witter, ashes, 50c; Palmside Coal, \$9.35

A letter was read from the Dept of Education in reply to one from the town to be read. The request would be attended to as soon as the Govt's plans were completed. Four unemployed had registered in town.

Applications were read from G. Witter to erect a small barn on the lots just south of Mrs. Deloitte's and from W. Grant for the erection of a dwelling. A road laid was read from a neighbor against the keeping of massive piles on the lots of C. S. Bonham. It was ordered attended to.

Information had been sought as to the cost of the new cement sidewalks. The one on south main street had cost \$67.50, and the one in front of the garage, etc., \$20. The two cement walks on main street had previously had cost \$11.00 each.

There are plenty of oil drums in Calgary which can be purchased for as little as ranging from 75c to \$2. The Mayor, who was going down was authorized to purchase 200 at the latter figure if satisfactory. Owing to financial stringency the Carling club had requested permission to cut their annual payment of \$150 to the town in half this year.

## CRAWFORD - PRICE

A quiet wedding was solemnized last Wednesday afternoon when Mr. Harold Crawford and Miss Hattie Price were united in marriage. The ceremony took place at the Presbyterian Manse, Rev O. H. Mann officiating. Miss Mary Hare acted as bridesmaid while Mr. Charles Crawford supported the groom.

Following the ceremony, a wedding supper was served at the home of Mr and Mrs Floyd Price, where about twenty-five relatives were present.

Both young people have a large circle of friends in the district having lived here since childhood. They will make their home on the farm recently vacated by Mr. M. W. Ross.

On Friday evening a big jolly crowd gathered at the home of the young couple and "chimed" the young couple. They were well received and everyone enjoyed the evening of games and fun.

## GHOST PINE COUNCIL

At the meeting of the Ghost Pine Council Monday, it was decided not to take up the Govt's relief bill with all its complications. The Govt. was to be petitioned to replace two bridges which were washed out last summer in Powell and Stover's wards. The council also went on record as supporting the Morris Board of Trade in their petition for a bridge across the river.

The Council decided to urge the U.S. War Pension Board to consider its grants. Two cases in the district only receive \$4 and \$10 respectively each month. A case of mother's allowance was accepted. The moral grants to Red Cross and Salvation Army were decided against this year. The next meeting will be held Dec. 1st.

## At the Bible School

A Thanksgiving Rally is to be held at the Bible Institute Monday, Nov. 10. There will be two meetings, 10 a.m. and 2 p.m. with free lunch at noon. ## Mrs. ARTHUR EVANS PASSES AWAY SAT. LAST

After a career of old friends, would be described a tragedy of the passing of Mrs. Arthur Evans on Saturday evening, Nov. 30, at half past ten in her last illness of cancer. Mrs. Evans had been ill since last May and when the doctors had been unable to cure her, she had been taken to the hospital, but her condition had not improved. In the past month or so, her health had been improving, but her recovery had been interrupted, and she died at a quiet home, where she had been for some time.

Born at Brantford, Ont. on Dec. 15, 1862, she had lived in this city for the past 15 years, when she had come to this city. She was the wife of Mr. Arthur Evans, who had been a prominent citizen of this city. She was a devoted wife and mother, and her death was a great loss to her family.

The funeral will be held on Monday, Dec. 8, at 10 o'clock, from the residence of her daughter, Mrs. J. H. Evans, 1111 10th St. N. W. The interment will be in the Mount Pleasant cemetery.

## Mother Country Is Still Head

Domestically Will Try To Refrain For Guidance On Empire Matters

Mr. J. H. Thomson, Secretary of State for the Dominions, declares that Great Britain is no longer the predominant partner in the British Commonwealth but only a participant. The

the Shempe. While this may be true in a strictly commercial sense, it does not mean that it is not a valuable asset to the country. The Shempe will continue to look to the Mother Country for direction in many things.

The Trustees may be criticised in their own manner, but when it comes to matters affecting the Shempe as a whole, it is well to follow their lead. They will naturally turn to Britain for guidance in every corporate body there is a sounding spirit, and in the great British corporation the one has liked by tradition and experience to maintain the same.

And another thing Britain must be accorded a commanding position in the Empire because she has the greater part of the commonwealth of Imperial resources. It is very easy to see the meaning of Mr. Thomas to talk about the co-equality of the Empire with Britain as one of the Dominions, but until the other Dominions have a greater proportion of the end of the Empire it would be unfair to regard the Mother and as having no superiority over the rest of the commonwealth.

Loyal citizens of the Dominions of

may have in the full measure of status which has been granted them and while they may jealously guard their independence in domestic matters, they will nevertheless continue to regard Britain as their mentor in Imperial and world matters. Should force threaten the Empire it will be to London that they will instinctively look for light, leading and protection.

The kind that puts the fear of God into the hearts of those who would make sport of the British lion or of the whole. The Empire has been leading too long and too successfully in that direction to turn elsewhere.

# A New Era Of Co-Operation Between Canada And U.S. In Air Service Development

A new era of co-operation between Canada and the United States in the development of air services began when the Canadian government announced the formation of a new department and air mail lines to be operated by Canadian airlines.

## This Country's Life

When this life of Canada is taken into the hands of the people, it will be a life of the people, and not a life of the government.

If the decision reached by the two countries is approved, Canada will be the first country in the world to have a co-operative air service.

When this life of Canada is taken into the hands of the people, it will be a life of the people, and not a life of the government.

The opening up of Trans-Atlantic mail service is the first step in the program of the two countries to co-operate in the development of air services.

At Yale, which is usually supposed to be the best high university, the young fellows are poorer than at any other standards. Figures just show that 23 per cent. of all students are poor bachelors for their parents, and that 96 per cent. of the boys bring their way through their parents. The lower end, fifteen per cent. of the students, stand for the lowest in the best producing class, the self-supporting. Of course, the figures can be found in the Yale yearbook, and after seeing some of the best producing students here and all the Harvard students, one gets a more kick out of how poor the Yale boys have much education and brings home the knowledge.

It had been the practice, he said, as a minister of education, to allow a French child in the province of Saskatchewan to receive instruction in the schools during the first year in French, and this meant that at the end of 10 months a child might know no English. This innovation he planned, he said, not because he did not respect the French or their culture, but because the system as at present was not pedagogically sound.

Some weeks ago, Baltimore, the center of the potato processing industry, reported that the state's potato supply was "stagnant" with 3,500 bushels per acre. Nordic sprays in her field helped the crop, but the state had to charge \$10,000 bushels of potatoes to feed New Yorkers.

Shipping was only the segment of the problem. The potatoes were also

### SCHOOL FAIR

A meeting of the School Fair officers was held Saturday to discuss the plan for it. It was decided to use the last pot out by the Dept. cutting some classes. Three special prizes have been promised and others are being arranged. A football from Christie, Regina, for the fair entering the most exhibits in school work.

A gold gold ring from Birk, Calgary, to the girl entering the most exhibits in school work.

A year's subscription to Calgary Alberta to the tractor whose school has the most exhibits in school work.

The eight schools that have so far promised to take part are: Mt. Zion, Three Hills Rural, Bethel, Greenwood, Gumbo, Lums, Sunnyside, and Crestview. The Town school has not made entry.

Good Friday, to-morrow, being a holiday, all pieces of business will be closed.

### BOARD OF TRADE

The Board of Trade held a general meeting in the Town Hall last Tuesday week, without a few out-casting to the storm. Among a good many local matters dealt with may be mentioned— delegates returned to Calgary, recently were present for payment, also delegate expenses, some two years ago the Board of Trade in a time-honored, as such a convention.

It was also decided to write our Member Mr. Chapman, to give an address on the work of the last session of Parliament at Edmonton at his next conference.

Some 40 members have already paid their 1931 membership fee of \$2.

### THREE TRAINS WEEKLY

Passenger trains have at last materialized. The C.N.R. passenger service will be put down to three times a week each way, beginning April 12th. The train will leave Calgary on a Monday, Wednesday and Friday, and leave Calgary on Tuesday, Thursday and Saturday, at the same times as at present.

The annual general meeting of the Three Hills Rural Canadian Legion was held Monday evening when the new officers were elected. Present: Comrade Stewart, Vice Pres. McLean, Executive Gold, Bouch, Young. It was decided to send the Pres. to the Prose Convention in Calgary in April, or so alternately, Comrade Stewart and McLean. Two resolutions were drafted for presentation to the Convention.

### 1881 - 1931 - FIFTY GOLDEN YEARS

Fifty years married a golden jubilee for Mr. and Mrs. Henry H. Davis, was duly celebrated on Friday afternoon, May 27th. The formal festivities were observed in the midst of a large gathering of the family and more numerous friends. In the evening close friends and old timers bringing in with them, and just in time, the day long to be remembered in the community. Rev. Mr. Grady, a pioneer minister in these parts, was right royally delicious in his address to the honored couple, and in the course of his remarks spoke of the church services being held in the home for some 25 years back. He also dwelt at length on their marriage qualities and the mutual affection of that pioneer life. As for Mrs. Davis, her children lie up and call her blessed. At the conclusion of the address, another brief and tender address was read on behalf of the children and grand children, accompanied by a present of a gold watch for Grady and Grady—beautiful watches—valuable engraved for the occasion.

Mr. Davis was too full of brotherly sentiment for an extended reply, but his words were apt and gentle. It was an able thing right to see all the family, children and grandchildren, greet the jubilee of this couple, whose marriage was indeed fifty years golden. Many were the gifts from loving friends and loaded with good wishes. From far off Penetion and New York came gifts from those who could not be present. Mr. and Mrs. Davis sat down to the tables before towering wedding cakes and of culinary art, gifts and exhibits of skill of the daughters.

With due ceremony the bride and groom, and it was one continuous playtime from then on until for the night, as if it should long for joy but to forego and yet happier days of the golden setting of life. Mr. and Mrs. Davis were well beloved of Three Hills district, in all of which The Capital most heartily joins.

continued on back page.

The Three Hills Rural school drive, which was postponed last week, is to be held next Monday, April 26th. Every body welcome.

K. R. McLean, R.O. of McLean & Anderson, Right Specialists, 224-8th Ave. W., Calgary, will make his regular visit to Three Hills to Dr. Sadow, office on Monday, April 19.

**CHRIS PETERSON PASSES AWAY THURSDAY**

We regret to report that Mr. Andrew Chris Peterson, who recently suffered a stroke, passed away at his home on Thursday, May 14, 1992, at the age of 68.

On April 23, the 31-year-old wife of a U.S. Marine in Denmark said Peterson was "in the States with his parents until he was in 1980 so took up a borrowed name. Officially, he later told the general public, he was in the general home."

The funeral service was held at the home of the late Mrs. Peterson. The funeral service was held at the home on Sunday afternoon, conducted by Rev. R. B. Peterson, pastor of the Marine Corps Chapel, Fort Belvoir, and the late Mrs. Peterson. The funeral service was held at the home on Sunday afternoon, conducted by Rev. R. B. # TRIED AND TESTED RECIPES THAT ARE DEPENDABLE

# WAINUT CAKE

By Mrs. A. J. Robertson

This recipe sounds very good  
 and is something different in cake-

1 cup butter  
 1 cup sugar  
 2 eggs  
 1/2 cup lemon flattening  
 2 teaspoons baking powder  
 Pinch salt  
 1 1/2 cups flour  
 1/2 cup milk  
 1 cup crushed walnuts  
 Mix well in order given. Bake in  
 two layers one with better icing.

The number of Normal students  
 in Alberta next term is to be limited  
 to 2301. Those having grade 12  
 or grade 11 with 3 or 4 grade 10  
 subjects will be given first prefer-  
 ence. The new limit has been set at  
 18 for both sexes.

Several cars of Oddfellows and  
 Rebekahs attended the Anniversary  
 Service at the Order at Acme on  
 Sunday afternoon.

Mrs. H. J. Murray returned  
 from Manitoba on Saturday after  
 attending the funeral of her  
 mother, who has been ill for a long time.

After a long, lingering illness,  
 Mrs. Watson, widow of Mr. Albert  
 Anderson, passed away on Satur-  
 day, April 25th at her old home  
 near Carleton Place. Mr. and Mrs. Watson  
 were residing in Vancouver, and  
 leaving that her end was near,  
 she came home to her parents.  
 Recently the funeral service was  
 held on Tuesday at the home.

# Notice of Preparation of Assessment Roll

Town of Three Hills, Assessment  
 Roll, 1931

Notice is hereby given that the  
 Assessment Roll of the Town of  
 Three Hills for the year 1931, has  
 been prepared and is now open for  
 inspection at the office of the sec-  
 retary treasurer of the town from  
 10 a.m. to 4 p.m., and that any  
 person who desires to object to the  
 entry of his name or that of any  
 other person upon the said roll, or  
 to the assessment of any property  
 or to the assessed value placed on  
 any property, must, within thirty  
 days after the date of this notice,  
 lodge a complaint in writing with  
 the secretary treasurer of the town.  
 Dated this 27th day of April, 1931  
 Jessie H. Young,  
 Secretary Treasurer

Mr. S. Quigley is home again  
 after his treatment at the Belcher  
 hospital at Calgary, and is feeling  
 a great deal better.

The continued dry weather is  
 certainly playing an acute problem  
 before the farmers. Whether to  
 sow or to wait for moisture. Al-  
 though the winds appear to have  
 let up, the soil is in such shape  
 that it drifts with the slightest puff  
 with not sufficient moisture to start  
 germination anyway. The stable  
 appears to be in the best shape, and  
 it will only speak well for the faith  
 but also the courage of our farmers  
 that they are staying with it and  
 putting in the seed wherever it  
 has a fighting chance at all.

# NOTICE

**FIRESTONE**, pioneer of balloon tires, introduces  
 a new tire which compares in strength, life and  
 in wear-resisting qualities, any tire that has  
 ever been built. This new tire, in its own class,  
 incorporates two new added features:

**Reinforced Construction** is a high efficiency  
 "cushion" or "deflator" and is the only way of  
 building tires on the road at high speeds.

The **Double-rod Breaker**—which increases  
 adhesion between the tire body and tread by 50%.  
 It insures that absolutely no road shock can  
 reach the body of the tire and cause a blow-out, and  
 insures that the speed or the tempo, the road  
 simply cannot be torn off—This tire is safe at any  
 speed!

**Firestone Comb-Rodged Tires** have now  
 been built of solid rubber for safety and endurance.  
 They are offered to you without the extra strength

## FATAL ACCIDENT ON RAILROAD TRACK.

A distressing accident occurred Sunday afternoon last on the Canadian Pacific track, near the town of Three Hills, when a man named Mr. A. W. McKinlay, 47, was fatally injured while working on the track. The victim was a well-known member of the local community and was employed by the Canadian Pacific Railway. He was working on the track near the town of Three Hills, when he was struck by a train. The accident occurred at about 4:30 p.m. and the victim was taken to the hospital, where he died the following day. The railway company is investigating the accident and has offered a reward of \$1,000 for information leading to the person or persons responsible for the accident.

The St. Barbara Guild will meet  
Tuesday, June 2nd at the home of  
Mrs. H. J. Wright.  
Gordon Dwyer is spending a few  
weeks at the home of his aunt  
and uncle, Mr. and Mrs. McPhee.

Mr. and Mrs. Edgar Davis and  
Mrs. Andrew spent the week-end  
at Donalds with Mr. and Mrs. Kerr.

Mrs. Houshman moved Monday  
into the house south of Mr. Wm.  
Chapman's.

Miss Winifred Rodie has been  
ill with appendicitis for the past  
week.

The C.W.L. wish to thank all  
who assisted and entertained their  
fund sale on Saturday and made it  
such a success.

K. R. McLean, R.O. of McLean  
& Anderson, Night Specialists,  
224-4th Ave. W. (Calgary) will  
make his regular visit to Three  
Hills in Dr. Sandson's office on  
Monday, June 5.

Grand Mrs. Madden, who rented  
a lot near (W.) a short time ago,  
have been having serious trouble  
with the owner, who lives in a part  
of the house on the farm. In-  
terested to put the Madlans off  
their goods were carried out to the  
highway and on their return, a  
gun was discharged over their heads.  
Mrs. Madden was not scared, and  
in the noise which ensued, she re-  
ceived a nasty cut over the head  
with the gun, the landlord being  
fined \$75 in court later.

## To the Holders of WAR LOAN AND VICTORY BONDS

### A Statement by the Minister of Finance

24

IN THE dark days of the War, Canadians loaned to the Government of the Dominion many hundreds of millions of dollars to enable the operations of the Allies to be carried to a successful conclusion.

When Canadians loaned their money to the Government, they received bonds which were promises to repay them the sum loaned with interest at the rate of 5% or 5 1/2% per annum. On the 1st of October next, \$55,000,000 of these bonds become due; on the 1st of November, 1932, the maturity will be \$75,000,000; on the 1st of November, 1935, \$46,800,000; and, in 1934, \$511,000,000 must be provided for.

It would not be prudent, either in the interest of the security holders or the country itself, to wait until these loans become due before providing for their payment or conversion. Action must be taken well in advance of the due dates to prevent the credit of the country. The Government believes this an opportune time to afford Canadians the opportunity to exchange the bonds, which they own maturing in the next few years, for new bonds of the Dominion of Canada carrying interest at the rate of 4 1/2% per annum, which is a very attractive return. Prior to the maturity date of the present bonds, those who accept this offer will, of course, continue to be paid interest at the rate as provided by the bonds they exchange.

Canadians who have always shown confidence in their country are currently invited to exchange the bonds they now own for bonds of the new issue. By so doing, they will render less difficult the task of providing for the future finances of the country, will enhance its credit and will greatly assist the Government in the present period of worldwide readjustment.

No money will be asked for and no new bonds will be sold at this time. It is proposed to limit the present conversion to \$250,000,000, but the Government has the right at its discretion to increase the amount if Canadians indicate a general desire to continue their investment in the securities of their Dominion. The subscription books will close on the 21st of May.

I earnestly seek the active support of my fellow Canadians in making this conversion, which is one of the largest financial operations our country has undertaken in recent years, creditable alike to Canada and its citizens.

*R. G. Reid*  
Minister of Finance.

 By Mrs J. H. McFee  
 25 new peaches 10 red plums  
 1 lb white grapes 1 orange  
 1 can pineapple or 1 fresh one  
 1 lb blanched almonds  
 Four peaches and plums and cut  
 each fruit in small pieces. Remove  
 grapes and remove seeds. Slice  
 oranges to size as possible without  
 removing peels. Cook all to gether  
 over slow fire until soft and well  
 blended.  
 Measure, and allow 1 lb of sugar  
 to each cup of fruit. Cook very  
 gently for 30 min., then add  
 almonds and continue cooking  
 slowly, stirring occasionally until  
 thick and clear. This requires 2  
 hrs or longer.

The Presbyterian Church will  
 hold a service of sacred music during  
 the absence of Rev. R. R. Mann  
 on a vacation Sunday evenings Aug. 26  
 and 23rd. The service will be  
 conducted by Mr. A. Stewart of  
 Bellevue. A cordial invitation is ex-  
 tended to all.

James and Clifford Milne, who  
 attended St. Mary's school at  
 Calgary, Saskatchewan, were 21  
 years and 20 years old, had an average  
 of 72.9 and 71.4 and were over  
 age 17.

After a two days before school  
 starts, the children of the  
 district are in the hands of  
 the teachers.

The storm threat Sunday evening  
 passed over us without doing  
 any damage, but there was hail  
 damage from Stoneyville west.

Miss Mrs. Nelson was away  
 on a trip to the hospital.

Miss Joan Wright was down from  
 London on Sunday, visiting relatives  
 and friends.

Katherine Howarth was visiting  
 home in Huxley last week, two  
 of her friends accompanying her.

Students report very poor  
 catches up at Pine Lake this summer,  
 and some think it must have  
 been taken out last winter.

Sunday school opened Aug.  
 28th.

Mr. C. H. Adams is visiting his  
 daughter near Lacanville.

Mr. and Mrs. Schilt and two  
 children of Yorkton visited Mr.  
 and Mrs. McDonough last week.

The Nuckley School has appointed  
 Mr. Simpson, of Stoneyville, as  
 teacher at a salary of \$340.

In the hall storm last Wednesday,  
 Pete Michalski had his house  
 blown by lightning and burned.

Babies, the little seven-year-old,  
 and who has resided in the D. J.  
 Oger house for the past few  
 months, has now been formally  
 adopted by Mrs. and Mrs. Oger.

# **HARVEST IS JUST COMMENCING**

In spite of all the worry and  
 anxiety of the early spring, another  
 harvest is just commencing in this  
 district. While it cannot be any  
 stretch of imagination to be called a  
 bumper, it will run all the way  
 from A to D to 40 bushels per  
 acre.

At the time of writing, there has  
 been no damage from frost and  
 the grain stands up well, some of  
 it up to five feet high. There has  
 been one hail storm, which did not  
 do any damage, but Wednesday  
 on a strip of country about 31  
 miles wide for 10 or 12 miles toward  
 the river to the south east. While  
 one is deeply sorry for the  
 suffering of the wheat, a very  
 small percentage of damage over  
 the whole district.

Starting out fully a month late,  
 the growing season has been just  
 about perfect, with plenty of moisture  
 and warm, growing weather.  
 So far, it has been a good growth,  
 the month last in spring has been  
 caught up, and harvest is commencing  
 at the present time.

After carefully looking up all  
 the old records of the district, we  
 are forced to conclude that this  
 district, although Three Hills  
 is near the center, is about as good  
 as any place in the west central  
 prairie country. For a general  
 absence of killing frosts during the  
 growing season with some of the  
 severe storms at night which we  
 read about; nor the devastating  
 drought or the long continued  
 drench of rains of other parts. Three  
 Hills district is hard to beat.

In a very general season such  
 as this has been almost all over  
 Canada and the western States,  
 which is a record in one place  
 which we may be truly grateful.

It is to be hoped that our lessons  
 here have been well learned and when  
 the next season slumps hits us, if we  
 are still on our feet, may we be better  
 prepared.

We have our difficulties in this  
 district all right, who has not? But  
 taking all things and other places  
 into consideration, and with a little  
 more perseverance and less rash  
 methods of farming, man is likely  
 to do as well here as in any other  
 place.

The marriage of Mr. Arthur  
 Davidson and Miss Margaret  
 Anderson took place June 28th at  
 their parents' home in Alberta. Fall  
 particulars will appear next week.

The town school board held a  
 short meeting Monday week. The  
 supplemental exams for the high  
 school students are to be held from  
 Aug. 27th to Sept. 6th. School will  
 commence Sept. 1st. Grades will  
 be taught as follows: 1-8 Miss Rose  
 9-11 Miss Murray, 12 Miss Murray  
 1-8 Mrs. Mahaley, 9-10 Miss Har-  
 grave, 11-12 Mr. Nicholson.

## **5 REASONS WHY Alberta POOL ELEVATORS are worthy of support:**

1. The greater volume handled by Pool Elevators the less the cost of handling per bushel.
2. Pool elevators are not operated for profit. They are operated to give the farmers the best possible service.
3. Pool elevators insure persons safety on Grades and Weights. Close adherence to a strict policy of fair treatment of patrons in respect to grades, weights and dockage is insisted upon by the management, acting under instructions from the delegates.
4. The history of grain handling and selling since the time when the prairies were first farmed, up to the present, clearly shows the real importance to producers of maintaining an efficient and complete elevator system under their control. This gives producers a power and influence which they otherwise would not have, were they dependent only on facilities owned and operated on a profit-making basis.
5. The uneven crop in Alberta, with indications of a reduced aggregate yield from former years, only increases the urgent need of seeing that the support of the Pool elevators is enthusiastically given in good years, is maintained during the coming crop year to an even greater extent.

**Market For Alberta Coal**

**For 35,000 Tons Received From Winnipeg Firm**

Investigation of the quality of various Alberta coals with a view to determining the fuel best suited to the requirements of the Winnipeg City Electric is being undertaken by W. Oliver, fuel engineer for the city of Winnipeg. It is pointed out that Winnipeg will be in the market for the coming winter for about 100,000 tons of coal for its heating system and the contract will be placed with various Canadian producers. Orders for 35,000 tons of this coal have been placed.

## Local Relief Committee to be Formed

A meeting, particularly well representative of Manville and Ghost Hill Municipalities and the town, was held in the Town Hall Friday evening, to consider the best way of assisting the municipalities and town in the handling of relief during the coming winter.

Mr. Claydon and Mr. Grisdale, local members, were present. Mr. Shelton the mayor, was in the chair, with Mr. Harris as secretary. Mr. Claydon, in explaining the idea and purpose of the meeting, mentioned that Three Hills was now included in a drought area map as having had three crop failures over which districts the Dominion has promised to bear the whole cost of relief. This district was shown on the map then relief would be again distributed on the three way plan. But municipalities were restricted by law as to how far they could go, what they could and could not do. If a committee was to be formed working in conjunction with the Red Cross, a great deal of unnecessary suffering might be avoided.

A great deal of discussion took place as to the constitution of the committee, and it did not appear to be known just how far the Red Cross would be able to help or what funds they would have at their disposal. But it was decided to form a committee which could work in conjunction with local councils. The various councillors present then retired and drew up a proposed constitution of the committee. It was found impossible, however, to go ahead and appoint the committee without consulting the nominees themselves, and it was decided to bring it to the committee concerned to bring the names before another meeting on Oct. 8.

## THREE HILLS HOTEL IS STILL FURTHER IMPROVED

New one of the first appointed and best appearing hotels of our town in the province, the Three Hills hotel has just had the finishing touches applied by Mr. O. H. Davis who resumed possession recently. He has just completed the furnishing the upstairs, and has had the landscaping and grounds around the hotel, which is now a very fine appearance from Main

Street. Room heated throughout, its recent cutting of stoves will make all rooms warm and cozy even in the coldest weather. A spacious general parlor, with convenient offices immediately to the travelling fraternity. A really splendid and well appointed cafe and lunch room under the capable management of Mr. and Mrs. Pete George, is an added attraction and first-class dining card both for local and out-of-town trade.

Appreciating the heavy expenditure and the up-to-date and thorough manner in which Mr. Davis is improving the hotel, the Town Council have arranged to construct a cement sidewalk along the front of the building, and the people of town are fully alive to the valuable result which Mr. Davis has added to the town and the general appearance of main street.

We feel sure that we value the general sentiment in wishing Mr. and Mrs. Davis every success.

## Mrs LOOP MANNING PASSES AWAY

It is with sincere regret that we have to record the death of Mrs. Loop Manning, who passed away after a serious operation at Lacombe Hospital on Thursday night, Sept. 28th.

Mrs. Manning had been in ill health for a long time, and at last went to the Lacombe hospital where it was found that she had been suffering from a grave malady. Three weeks later she passed away peacefully.

Deceased was born at St. Mary's fifty seven years ago. This month, and was married in Michigan thirty three years ago. She came west with her husband in 1908. After residing near Manmon and Hardisty, they came to live in Three Hills seven years ago. For twenty six years the deceased had been a member of the Rebekah Lodge, first joining down east and transferring to Golden Standard in 1920. Alarmed up to the time of her death, she was an active member and will be greatly missed by her fellow members.

Besides her sorrowing husband, she leaves three children, Dick, of New York, Tom, of Cranberry, and Mr. Edith West of Hardisty, a brother, Wm. Richardson of Moorhead, Minn., and a sister, Mrs. Lenora, of Detroit. Much sympathy is felt for Mr. Manning who, with Mrs. Manning, has also offered a good deal of ill health, and is now left to carry on alone. The funeral took place Monday.

the 28th. In the United Church, of which the deceased had been a member, conducted by Rev C. E. Carson. The service at the graveside was conducted by the minister and the Rebekah Lodge. The pallbearers were Messrs P. H. Ruffan, J. J. Kallifewich, J. E. McPhee, Don Hope, W. Chatten and H. T. Hower. Mr. Patton had charge of arrangements. All the immediate members of the family were present at the funeral.

Germany's favorable trade balance, gained through increased exports and declining imports, broke all records [during] that month.

The United Kingdom has a larger unfavorable trade balance than in August, but there were increases in both exports and imports.

Reports to the commerce department gave the following figures:

German imports, September, \$48,000,000.

United Kingdom imports, September 4,300,000 pounds; exports, 20,800,000 pounds; and re-exports at 2,000,000 pounds.

# Old Times at Ghost Pine

When we first embarked to visit A. J. Cameron for our first night in the month of the early days of the Ghost Pine desert, the first impression appears that such and will be continued from here to there.

I have been told to visit some of the old times at the early night in the month of the early days of the Ghost Pine desert, the first impression appears that such and will be continued from here to there.

As to the origin of the "ghost" name of this Pine, there are several theories, one of the most plausible is that the Indians used to camp at the foot of the Pine, and the name of the Pine was given to it by the Indians. It was the early days of the early days of the Ghost Pine desert, the first impression appears that such and will be continued from here to there.

one of the first homebuilders in  
ghost pine and considered a suc-  
cessful business here for 17 years,  
being long master as well as hold-  
ing several positions of public  
trust, his name will appear again  
in the course of these articles

I find on my homestead Nov. 2,  
1904. At that time, with the ex-  
ception of Lee Curtis, there was  
only one other rancher on the  
creek, a Mr. Hubbard from Wash-  
ington. With him was a fellow by  
the name Rocco Koppa. They ran  
a bunch of horses and had their  
house, stable, corral, etc. on land  
to be 30, not far south of the up 31  
line. They were not actual settlers  
and moved away in a year or two.  
It would be wise to say that this  
district looked like a wilderness in  
1904. After the lapse of a quarter  
of a century, the change is most  
striking. And yet—and this is true  
of most districts in modern Can-  
ada, there is a sense of disappoint-  
ment in that the hopes of the early  
pioneers have not been realized.  
Away from the economic catastrophe  
of oil has overtaken the world, the  
uncertain climatic conditions  
which prevail far too frequently  
were never considered as possible  
in the early days.

A great many homesteaders were  
taken up in the fall of 1904 and  
the influx of settlers began to  
flow in to the following spring.

## CURLING CLUB SECURES AT LEAST 40 MEMBERS

A general meeting of the Curling  
Club is being held as we go to  
press, Wednesday. As the presi-  
dent has moved away, the vice  
president, Mr. Kildbrech, has been  
acting in that capacity, with J. F.  
Clark secretary pro tem.

The Membership Committee,  
headed by Mr. Clark, and  
Hindmarch appointed at the ex-  
ecutive meeting a week or so ago,  
reports splendid success in their  
campaign for members, having  
managed to get at least ten  
clubs. If there are ten clubs the  
fee will be \$50, but if there are 15  
clubs the fee will be 75.

By re-opening, the Curling  
Club and the Town Council have  
secured the services of Mr. Swan  
as a man for both curling and shat-  
tling runs at \$45 per month. The  
Town's share is \$35 per month.  
The report of Wednesday's meet-  
ing will appear next week.

The Three Hills skating rink  
was opened last week with Mr.  
Swan in charge. He is also in man  
at the curling rink. Skating is  
for skating rink are very low this  
year, having \$2 for adults and \$1  
for children.

BAZAAR and TEA DEC. 8th  
The St. Barbara Guild will hold

The Calgary Alberta is to be  
commended for their enterprise in  
getting the daily paper up here on  
time in spite of the decreased trans-  
portation. A special truck comes up,  
calling at the towns en route. The  
regular mail is going around by  
Edmonton on the CPR, the days  
there is no north bound train.

The recent flurry in the price of

## One Times at Ghost Pine

By A. J. Cameron, Continued

The rivers and streams have  
always played a prominent part in  
the history of human settlement.  
This fact is especially true of Can-  
ada. The early ranchers considered  
their activities in the foot hills  
country. Then on the industry  
developed they spread out west and  
north from Calgary and the C. & N.  
railroad. Then it was that the  
grazing lands along the Bowhead,  
Loose Pine, Koot Hill and Three  
Hills creeks were occupied first,  
the latter being settled about 20  
years ago.

The first homestead in Ghost  
Pine district was Mr. Lee Curtis  
who filed on N 30 31-22 in  
1895. His log there was a complete  
wood land mark for many years; it  
was a sort of setting out point for  
a great many new-comers who had  
yet to get their bearings. We re-  
garded it with some degree of  
affection and when it was taken  
down some years ago the writer  
looked on its disappearance like  
the passing of an old friend.

In the latter part of Oct., 1904,  
while returning to Delburn in  
company with another land worker,  
we overtook a party having lunch  
at the creekside near Scamperdy.  
The party consisted of land agent  
Bert Smith, Wilfred Perry, Gus-  
tave Swannick and a Mr. Embree  
(who later lived in Monte desert).  
They too had been looking for  
land but we had not come across  
them until then. As Mr. Perry was

## A SPIRITED REPLY

Editor Three Hills Capital:  
Permit me to best reply your  
Modern Thought's Fundamentalism  
"We are glad to know that the  
"Captains" are not number in at least  
one respect—we use Bible language  
We cannot improve upon its pages  
in fact.

But the public should not believe  
that this is a mere shallow battle we  
are engaged in, a mere theological  
quitting match, or that Maxwell  
looking for a quarrel. Far be it  
These matters are too serious to be  
taken so lightly.  
Of course we have no personal  
animosity, but the fact is there is  
a war to the death over the great  
truths concerning the Lord Jesus  
Christ and the Christian faith. Had  
the "Captains" taken the six minutes  
of "Christ Light," England would not  
have been saved from moral and  
spiritual anarchy. Here secular  
materialism contends with the fact  
Last modern theology produce some  
thing.

Imagine any reformer such as  
Hans. Luther, Calvin or Wesley  
taking a middle of the road, "live  
and let live" policy, when such  
tremendous issues are at stake.  
We invite a quarrel for its own  
sake, when the Duty of our  
Reformer is leveled to the ground  
and His Word is being dragged in  
to cover the truth. How could we  
than a Judea Iscariot to keep still?  
L. H. Maxwell,  
Principal, Public Bible  
Institute.

The UFWA will meet at the home of Mrs. Weldon Patton on Jan. 16th. Roll call, suggestions for 1932 program.

The hockey game Saturday night was won by Equity, 4 to 3. Three Hills goals were shot by Dave Coleman. For some unaccountable reason, Trucha did not turn up for the game Monday night.

There was essentially a full turn out at the annual meeting of the school district Saturday last. Finances were reported in shape, with about \$200 on hand. Mr. H. Davis, retiring trustee, was re-elected, being now 22 years in office.

Oldest Prior Council will hold a regular meeting in Jan. nomination meeting will be held Feb. 20.

Mrs. Sam Cook, accompanied by her husband, is down at Rochester undergoing medical treatment.

Hereafter below No. 78 will be strictly enforced. Occupants, as owners, of that property, are notified to remove snow from lawns or in front of premises within 24 hours after each snow fall.

By Order of Three Hills Town Council

## "HERE'S TO 1932 AND PROSPERITY"

The grader or leveler for the gravel highway was through town Monday. Snow has been scraped off to the south and graveling is in progress right away.

Neilson Bros. from near Ardara, have bought the farm of P. C. Gale and sons, who are offering an auction sale of their stock and machinery. Mr. Gale expects to move on the place until about the first of March when he will move to Calgary.

We regret to note that Mr. Gibb of the Jenkins Groceries is having to go down to the Belcher hospital, Calgary, where his leg, which has been giving him increasing trouble lately, will be put on a cast for about three months. Whether he will return to his place here or not will depend upon his progress at the hospital. Mrs. Gibb and son will remain here in the meantime.

One of the firms who he is up to check out Mr. Gibb, and the new manager will not be known until his arrival.

The 1932 officers of Knox Sunday School, elected at the Sunday School meeting on Monday, are: Superintendent, Mr. C. H. Adsett; Ass't. Sec'y, Mr. C. G. Anderson; Sec'y Treas., Miss Edith Murray; Ass't. Sec'y, Miss Jennie Fisher; Organist, Miss Kathleen (Hess); Assistant, Miss Helen Cornean; Orchestra leader, L. P. Criss; Assistant, R. C. Robertson.

## AUCTION SALE

Of the Live Stock, Farm Machinery and Household Goods of F. C. and C. H. GALL, 10 miles west and 2 miles south of Three Hills, on Jan. 10th, 1932, at 10 a.m. including sharp at 10 a.m. Household goods and small tools will be sold before lunch. Terms Cash. The farm has been sold and everything gone without reserve. A. Shalin, auctioneer.

Another wave of petty thieving appears to have broken out in town lately, and it seems to be among some of the boys who spend most of their time on the streets. Hugh Scott's house was broken into during the holiday in broad daylight. Also thieving has been going on at the elevators.

In spite of various organizations for boys work, there seems to be nothing that can take the place of home training and discipline.

## TENDERS

Tenders for Coal Hauling and Janitor Work will be received at the Annual School Meeting of Bethel School District on January 9, 1932.

A. Stewart, Sec. Treas.

In spite of all leagues and treaties and pacts, etc., Japan has gone steadily forward and taken full possession of Manchuria. Will they now be content or go in for further conquest? Japan's population is like the steam in a kettle. No use trying to sit on the lid.

## Coal Hauling Tenders

Tenders will be received up to Jan. 11th by the Three Hills Town School District for the hauling of coal for the school up to the end of the term, June 30.

J. Lewis E. Young, Sec. Treas.

Miss Kee has suffered a nervous breakdown and is remaining at her home near Marville for a few weeks. It is hoped that the rest will make for a speedy recovery. In the meantime, Mrs. Wright is relieving at the school.

Mrs. Ed Thompson returned last Monday from Michigan, having attended the funeral of her mother.

Mr. Packer, Piano Tuner of Calgary, will again be in Three Hills on Jan. 11. Phone Capital Box 74.

**Strike and War Debt**

So far as the country is concerned there is certainly a widespread belief that the present war has been a great success. The war has been a great success, and the war debt would facilitate recovery and, therefore, generally beneficial; but the taxpayer would not lightly entertain the idea of canceling repayment while retaining the burden imposed by war debts. ## Annual Town Meeting

There was only about a dozen out to the annual town meeting on Friday last, and nothing of any particular interest developed. There is here a fight of any kind on taxpayers are generally content to leave things entirely to the Council regarding of course the right to a 10 cent increase.

At the nominations for Town Council and School Trustees on Monday, candidates were nominated by their absence. There will be no election, all vacancies being filled again by acclamation. The only change in the Council is that Wm. Harrie takes the place of J. E. Hunter, B. LaRue and R. Shorter again going in. In the School Board H. J. Murray again goes in and Len Davidson takes the place of Wm. H. Hill.

## THREE HILLS BONSPIEL

The cold snap last week came just in time to save the day for the Three Hills Bonspiel, and with the improvement in ice, some real good curling was seen. The games were arranged so that all night playing was not necessary. Mr. and Mrs. Edna Hunter had charge of the refreshment counter. The winners of the year were well divided between visitors and local players. Kelly Cup, 1st J. J. Clark, 2nd Smith of Arma, 3rd Welliver of Treble, 4th A. Hollenquist. Curling Hotel Club, 1st Smith of Arma, 2nd Evans of Treble, 3rd A. W. McKelvey, 4th Wells of Treble.

The final game in the Consolation A. Shorter and Cunningham, has yet to be played.

On Saturday the McDonald Brier event was played off in Calgary where A. Hollenquist and his three Calgary men finished first. They were play the Edmonton winter, to determine Alberta's representative at the Dominion contest in Toronto.

Three Hills hospital opened Tuesday when four or five local risks went up to play.

A special meeting of the School Board was held last Saturday at the request of Mr. Steller, who laid a complaint against Miss Hargrave, in whose room his two boys are made. A fair treatment and general lack of advance in studies are the gist of the complaint. Miss Hargrave and Mr. Nicholson were present and replied. After considerable discussion the Board were unanimous in vindicating Miss Hargrave, and urged that discipline be maintained at all costs.

## WAR CONTINUES ON THREE HILLS FRONT

We have received a great deal of correspondence re the discussion with the Bible Institute, regarding our limits of space. It is all on one side, all favoring the line of more liberal thought and against the orthodox line laid down by the Institute. It is rather astonishing the amount of carefully considered opinion which exists on the subject.

We received also this week a letter signed Fair Play, most severely criticizing the alleged renewed attack in the current issue. Prairie Factor, and heavily castigating the spirit of intolerance displayed.

Apparently it all clamors down to the question of the use or abuse of the scriptures, and is a subject which in the light of present day knowledge, is well worthy of serious consideration.

Mr. Howe has her cousin, Mr. Geo. Spaulding of Calgary, visiting her this week.

On Monday Miss Don returned from Masville and roomed her duties at the school.

There will be another card party and dance at the Three Hills Hall school this Friday evening. Every body welcome.

# Border Trouble Is Feared By Officials Of Northern Ireland

**Lagos War Urged**  
**British With Tanks**  
LONDON, Northern Ireland, April 12.—British border guards have been ordered to be ready for the possibility of a sudden invasion of the north of Ireland from the south, according to a statement issued by the British government today.

The statement, which was issued by the British government, said that the British government was "deeply concerned" by the possibility of a sudden invasion of the north of Ireland from the south, and that it was "prepared to take any steps necessary to meet such a contingency."

The statement also said that the British government was "prepared to take any steps necessary to meet such a contingency," and that it was "prepared to take any steps necessary to meet such a contingency."

# Move To Repudiate Irish Treaty Would Be Received With Concern

**Feeling Irish War Gaily**  
**Pro-Treatyists At Tugboat Battle**  
New York Times, April 12.—The Irish treaty, which was signed in 1921, is being repudiated by a group of Irish nationalists in London, and the move is being received with concern by the British government.

The Irish nationalists, who are known as the "Irish Republican Army," are demanding that the British government should repudiate the treaty, and that it should grant independence to Ireland.

The British government, on the other hand, is opposed to the repudiation of the treaty, and it is insisting that the treaty should remain in force.

# Thousands Perish In Earthquake Which Devastates Chinese Areas

Many Chinese reports early this morning from southern Szechwan in China, which is about 400 miles from the coast, indicated that a terrible earthquake had struck the area. The reports said that the earthquake had killed thousands of people and had destroyed many cities and towns. The reports also said that the earthquake had caused a great deal of damage to the country's infrastructure.

## Real Estate In Paris

Paris, March 11.—The real estate market in Paris is showing signs of recovery after a period of depression. The market is now more active than it has been for some time, and prices are beginning to rise. This is due to a number of factors, including the fact that the government has taken steps to stabilize the economy and that the market is now more confident in the future.

## Would Not Accept Fee

Mr. Joseph Manning Is Presented With Offer To Accept Fee

Joseph Manning, a prominent Canadian politician, has refused to accept a fee offered to him by the government. Manning is a member of the House of Commons and has been active in the opposition. He has been known for his principled stance on many issues, and his refusal to accept the fee is seen as a statement of his integrity.

# No Financial Loss Incurred From Guarantees To The Wheat Pools

## Amount Paid Exceeds Repairs Received

Canada's wheat pools have incurred no financial loss from the guarantees provided to them by the government. The amount paid by the government to the pools exceeds the amount received by the pools for repairs to their facilities. This is a significant victory for the pools, as it means that they have not lost any money from the guarantees.

The government has provided guarantees to the wheat pools to ensure that they can meet their obligations to their members. The guarantees have been provided in the form of loans and advances, and the government has agreed to pay the interest on these loans. The pools have used the money to improve their facilities and to pay their members.

The report that the wheat pools have incurred no financial loss from the guarantees is a significant victory for them. It means that they have not lost any money from the guarantees, and they are now in a better financial position than they were before. This is a result of the government's decision to provide the guarantees, and it shows that the government's policy is working.

The wheat pools have been successful in their efforts to improve their facilities and to pay their members. ### SEEDING AGAIN GENERAL

#### WELL IN THE SHAPE

A few farmers started seeding again last Saturday but found it a little heavy. Out that work was expected to be general by Monday. The occasional showers have kept the land from drying very quickly.

According to our government recorder, 41 inches of rain fell here during the recent storm. This is as much or more than in any other part of Alberta.

The C.N.R. telegraph line will be connected up sometime this week.

The phones in town were connected up last Saturday. The trunk lines through country districts are being reconnected by contract and it will be a week or so before country subscribers are on the line again.

Calgary district did not suffer by the storm, having no ice what-ever, just the very welcome rains.

## U.F.A. DISTRICT ASSOC. AT CARBON

The Huxley to Granger meeting last Wednesday was an interesting

well attended gathering. Mr. Granger

was to have been there, but, attempting to drive to the country,

got stuck and failed to make the

grade. Mr. Claypool was there and

filled in the blank with a most

interesting talk on the Turner Valley

situation and the farmers' of

supply. He was chairman of the

agricultural committee of the

House which recently went into the

whole wheat question and was

very familiar with all aspects of the

subject.

He said farmers generally were

inclined to believe any or all of the

conflicting reports, many of which

were more propaganda. The chairman

of the Free Government was under the

thumb of the big companies or had

been "fixed" by them, and such

talks, need or he paid any attention

to. If the Government's proposals

were carried out the farmer would

be better off, and also that there

would be genuine prospects of

selling the waste gas to other

cities once a per conservation

cost was established.

President Gardner was selected by

the meeting as their choice to

represent at the U. F. A. at the coming

annual conference at Ottawa.

Proposed to reduce the (F. W. A.)

annual fee from 15c to 10c was

approved.

From Carbon came a resolution

requesting against the new school

lotting regulation whereby a home

property holder was entitled

vote on school matters other than

a money by law. This proposal was

approved by the meeting.

We understand the delegates

are really treated by the Carbon

club, which we highly appreciated.

third Wednesday night, the 29th,

at Carbon.

A NEW PROVINCIAL

PARTY

Organization of the new provincial

party for Alberta is proceeding

very rapidly. We use the word

"party" for want of a better term,

but the aim appears to be to

create a new party line, and to

denounce the province govern-

ment by representatives of the

people as a whole, instead of by one

class as at present.

The farmers themselves, represent-

ing, as they do, the largest of

the province are more or less

split up into groups, none, ranging

from those who have no longer any

interest in the organization, many

of whom look longingly to the old

party to which they once belonged.

"All the way to the extreme,"

"farmers." It is widely known that

many farmers would welcome the

management of provincial affairs

on broader lines. The work of keep-

ing alive the spirit of the old F. W. A.

is now left to a few well tried

and true old timers.

So developments as to leadership

in the new party appear to have

been taken place, and we have an

idea that it is generally felt that

it would be difficult to improve on

Mr. Bowdler. He has given that

universal respect to which hard,

conscientious work has entitled

him. Preliminary organization work

now only being proceeded with,

but it is surprising how gen-

eral is the desire for a more widely

representative government in the

province. The old party strife, at

any rate in commercial affairs, has

passed itself out and time-wait-

ing—merely jockeying for party

and power instead of attending to

the business of managing the affairs

of the province in a business-like

manner.

## TALLKAT

**Finest quality for 40 years has built the largest sales in North America.**

### Safe Cars And Reckless Drivers

Between six and seven million on Tuesday morning in the nation but in the last 40 years, the number of cars has increased by five and a half times as rapidly. Automobile accidents happen every 10 seconds, and about 100,000 people are killed each year. The cost of the driver of the car is \$100 to \$200 in the case of an accident, and the cost of the car is \$100 to \$200 in the case of an accident.

There are many reasons why Tallkat is the most famous automobile insurance company in Canada and the United States. The reason is simple: Tallkat is the only company in the world that has been in business for 40 years. The company has a long history of success, and it is the only company in the world that has been in business for 40 years. The company has a long history of success, and it is the only company in the world that has been in business for 40 years.

The "wearing driver," the "quicker," and the "vandal" are the three types of motorists who most trouble Tallkat. The "wearing driver" is the one who drives a car for 40 years, and the "quicker" is the one who drives a car for 40 years. The "vandal" is the one who drives a car for 40 years, and the "quicker" is the one who drives a car for 40 years.

Only 10,000 cars, out of 1,000,000 automobiles, have the Tallkat logo on the front. The Tallkat logo is the only one in the world that has been in business for 40 years. The Tallkat logo is the only one in the world that has been in business for 40 years.

When a motorist starts on a job, he is not with an accident, the chances of his having an accident are 100 times as great as if he is not with an accident. The chances of his having an accident are 100 times as great as if he is not with an accident.

What kind of drivers are most frequent in Tallkat's experience? The answer is simple: The "wearing driver," the "quicker," and the "vandal" are the three types of motorists who most trouble Tallkat.

When a motorist starts on a job, he is not with an accident, the chances of his having an accident are 100 times as great as if he is not with an accident. The chances of his having an accident are 100 times as great as if he is not with an accident.

A tremendously smart person is the "wearing driver," the "quicker," and the "vandal" are the three types of motorists who most trouble Tallkat.

## Australia To Enlarge Margin Of Preference In Favor Of Britain

## Ottawa, Ont. Australia, New Zealand, Hong Kong

At New Stanley Bruce head of the Australian delegation outlines the scheme in a statement submitted to the committee.

the Imperial Economic Conference. By further reclassification of her tariff Australia will make available in a preferential way to Great Britain, protected areas in Australian industry which are not being exploited by Australian manufacturers.

She will widen the margin of preference in Britain a farer with respect to admission of essential goods and produced in the commonwealth. Possibly with very slight exceptions, she will undertake to remove remaining

prohibitions and surcharge imposed for financial reasons two years ago. She will adhere to all preferences now obtaining. She will give earnest consideration to any British requests for additional concessions which are in the power of Australia to make.

Mr. Bruce is emphatic that all these proposals are conditional on reasonable reciprocity for livestock, mainly dairy products, fruit, wheat, etc., but it is on wheat particularly that Mr. Bruce presses the point. On meat, and here I am including pig products,

## SCHOOL COSTS WORRY THE RATEPAYERS

An intimated last week, there have been so many requests for publicity on the question of our school taxes in these depressed times, we think it is only common justice that the subject should receive further consideration. With out any comment on our part we give below some of the comments or complaints which have so far reached us—

1. That the teachers' salaries are still far too high compared with the earnings, during the past three years, of the taxpayer who finds the money.

2. There is no objection to providing every child with a public school education, but the average business man and farmer can no longer pay for the frills and higher grades of school work.

3. There is objection to be bandied with the cost of providing school accommodation for pupils who fall or barely pass year after year, and who have no possible prospect or intention of utilizing their education, but merely stay on because they find nothing else to do.

4. That there is great bitterness and objection to the fact that the man who has been thrifty and down his house, his farm or his business, is called upon to bear the burden of taxation, whilst the one who has been careless and imprudent, and the indolent man who owns no real estate, should be excused.

Most cities and towns are now overburdened in taxpayers' assessments, and until this is done there seems to be no chance for relief which the urgent needs of our ratepayers may receive a hearing.

## "This Fall we go back to Robin Hood"

"JOHN and I had a 'heart to heart' last night on money. I decided there are ways to cut living expenses without risking the health of the children and ourselves with inferior food, so this fall we go back to Robin Hood flour. We've had enough of CHEAP, poorly milled flour.

"I have tried not to complain this last year but every time I took a baking out of the oven it made me heart-sick. I hated to put the bread on the table. It was dark and heavy, and lacked the rich appetizing flavor we had been so accustomed to when I used to bake with Robin Hood flour. Now I realize how needless has been this false economy, for John and I figured it out last night and discovered that the difference in cost between CLEAN, PURE Robin Hood flour and CHEAP, poorly milled flour is only 1c PER DAY FOR A FAMILY OF FOUR.

"I'm happy today, for we are going back to Robin Hood. I have been foolish to experiment with the health of my loved ones when a CENT MORE PER DAY will give us good nourishing bread—the whitest and lightest bread that anyone could ask for. Tomorrow, John is going to the store and bring home some REAL FLOUR again—a bag of Robin Hood."

# French Ship Reaches Churchill To Take On Cargo Of Grain

Churchill, Man. The infant port of Churchill welcomed the first ship of the 1932 shipping season Monday August 14. The tramp steamer "Serenita," rusty, grey and scarred with battle scars, came from the harbor to load 200,000 bushels of No. 1 Northern wheat, the product of the farms of Saskatchewan.

The big tramp freighter is the first French ship of any importance to touch these shores since 1715 when the French admiral, La Perouse, dropped out of Hudson Bay to steam and explore Port Prince of Wales, then a lonely British outpost in the sub-Arctic.

Registered in Danvers, France, the "Serenita" came here from Algiers, and Captain A. J. Nage, a bygn, dapper, Frenchman, and she had a good trip. There were a lot of ice in Hudson Bay, but he encountered a little difficulty but thanks to the Canadian Government's ice-breaker, M. S. MacKenzie, there was little delay. The weather in Hudson Bay was perfect.

Practically the entire population of Churchill lived the rocky shores for some Sunday morning waiting for the ship. When the red and black hull came in sight, they mounted buildings and other vantage points to get a better view of the vessel which, coming from distant Algiers, has international importance to the port of the Canadian north-west.

The "Serenita" was already chartered to carry grain from Canada's mid-Arctic region. Practically the entire population of Churchill, this summer, as many were to carry the cargo itself. This movement was made known by Thomas Higgins, Montreal steamer agent, who is now on his way north to look after the loading of the first ship.

Head of the ship, the M. S. "Serenita," French ship, will take to the 200,000 bushels of the grain now stored in the wharves, arrived Monday August 14. The other five to be here are the "Pennyworth," and the "Mikawa," of the Canadian Line, and the "Serenita," of the "Pennyworth."

The "Pennyworth" was the first ship to arrive at Churchill, in its hold is a shipment of sugar from Old Country markets, for the sugar companies, as well as the "Serenita," as well as other goods.

Mr. Higgins expected all the boats to be loaded and on their way to Europe within two or three hours. After that the number of ships to be loaded was to be reduced to one or two.

Stations, Man.—Fueled to the reef with Hutchinsons four and out production 21 tons, reduced out of Hutchinsons August 14, on route to Hudson Bay and England. The ship is now on its way to the start of a shipment of oil Canadian Line to the coast of British Columbia.

Dashed out with much business which passed the time to load the first five shipments of grain to the harbor for Hudson Bay. The freight train took on an expedition to the coast in the city to the coast of British Columbia.

The ship is now on its way to the coast of British Columbia. The ship is now on its way to the coast of British Columbia. The ship is now on its way to the coast of British Columbia.

## Recipe for Making Men

### Ingredients

One red blooded boy  
Parents' loving care  
Outdoor exercise

Some study (not too much)  
Reasonable amount of work  
Good food (lots of it)  
Blood bread

Mix work and play with study. Combine wisely under direction of loving parents. Add muscle building foods... plenty of bread made from Robin Hood flour. Bear with patience and understanding. Turn out at 21, a credit to parents. This recipe makes one man.

ONLY a mother knows the painstaking care required to raise a boy. She bears the responsibility of educating him and developing his body from babyhood so that he will be equipped to make a comfortable living. In times like these, mothers have to sacrifice in order to give their children the advantages of a normal youth. They cannot sight the mental and moral training of their children, nor can they handicap the child through lack of good nourishing food. Since bread is essential, smart mothers know how foolish it is to economize on flour when even the best is inexpensive.

Prairie mothers have considered Robin Hood flour the Standard of Excellence for more than a generation. It remains today the flour in which you can put your trust. Robin Hood is CLEAN, PURE and of highest food value. It is the safe flour to use "for making men."

## STRONG OPPOSITION TO ENLARGED MUNICIPALITIES

A meeting of members of the adjacent Municipal District Councils met in the Town Hall last Wednesday afternoon to discuss the proposed enlargement of districts as suggested from Edmonton. A circular and map had been mailed to each councillor but this was warmly criticised as giving no particular information on the subject. Mr. Claxton had been invited to be present, but the Council had put the question into the hands of a committee and no information had been given to members of the House. He therefore knew no more about it than those present.

The proposal was looked upon with distrust and suspicion, and severely criticised by almost all present. Councillors wanted to be shown how the cost of looking after the needs of the district could be reduced. Except in village communities needed for nothing and were right on hand if anything needed attending to. There was no need to bring an enactment down from Edmonton if a cultist need all fixing, etc.

"I looked like an attempt to take the management of our affairs out of our own hands."

It was in the meeting of the Council itself where economy should come in, there was no extraneous gain in our local councils.

A good story was told by one councillor of the wasteful methods of City, which he himself had witnessed while on a visit in the parliament buildings at Edmonton. He was on one of the upper cor-

riding with a friend on I remarked about the number of officials who were passing around. "Oh they're all got a job," said the friend. While they stood there waiting, a door was opened and a booklet of waste paper was set just outside the door, which closed again. Pretty soon a man came along with a walking stick and as he passed, he stirred up the contents of the waste basket; that was his job. In a short time a man came along with a little push cart, and took the booklet and set it down at the door of the elevator and went on that was his job. Next appeared the man who took the booklet into the elevator and disappeared—that was his job. And so between them all they got that waste basket carried away. It is around the administrative offices and institutions where economy is most urgently needed.

## "I Gotta Order More Robin Hood Flour"

AT this time of year flour bins are as bare as the sky's youngster. It is time to lay in a supply of good, dependable Robin Hood flour.

Most women now know that the reason Robin Hood flour is so CLEAN and PURE is because the wheat is scrubbed and scored in mammoth wheat washers before milling. Many, however, have asked this question: "Why is it I get bigger loaves and more of them from a bag of Robin Hood?" Here is one of the reasons:

When the wheat berry is ground in milling, dust and fibre are present. Between your thumb and finger this fibre feels like lint from a carpet sweeper. If left in the flour, it becomes a deadweight to the dough. Robin Hood Mills removes this fibre with an intricate system of silk sieves, some of them as fine as 125 meshes to the inch. Only the pure granules of flour pass through the sieves. . . the dust and fibre is taken off and used for hog feed.

Dust and fibre present in CHEAP, poorly milled flours retard the action of yeast in the dough, resulting in small, flat loaves, heavy in texture and unappetizing in flavor. Robin Hood flour naturally goes farther in baking because it consists only of CLEAN, PURE flour granules, no dust, no fibre. When mixed in the dough, it responds to yeast gases readily and the bread rises high in the pans, producing more loaves of better bread.

Robin Hood flour protects your health and your pocket book. It is both safe and economical.

# Western Provinces Lead In Awards At Chicago Grain Show

Chicago, Nov. 22.—A vote of confidence in the grain industry was reflected in the choice of the national Western Provinces as the leading exhibitors at the Chicago Grain Show. The show, which opened today, is the largest of its kind in the world and is expected to attract over a million visitors. The Western Provinces, including Alberta, Saskatchewan, Manitoba, and the Northwest Territories, have won the most awards in every class. The show is being held at the McCormick Building and is expected to run for two weeks. The Western Provinces have won the most awards in every class, including the grand prize for the best exhibit. The show is a great opportunity for the grain industry to showcase its products and to meet with other industry leaders. The Western Provinces have a long history of excellence in grain production and this show is a testament to their commitment to quality and innovation.

# United States Congress Refuses To Postpone War Debt Payments

Washington, Nov. 22.—The United States Congress today refused to postpone war debt payments, despite the pleas of the Treasury Department. The House of Representatives voted 318 to 100 to reject a bill that would have delayed payments on the war bonds and stamps. The Treasury Department had argued that the country's financial situation was dire and that postponing payments would be necessary to avoid a default. However, the Congress, led by the opposition, insisted that the government must honor its obligations. The decision is seen as a strong statement of confidence in the government's ability to manage its finances. The Treasury Department is expected to appeal the decision to the Supreme Court.

In many cases the radium must now be placed in surgical wedges.

The rays are absorbed by heat, while the sealed glass case retains the bulk of emanation.

It takes hours to fill each tiny globe. Then the radium is weighed on scales so delicate the marking of a lead pencil on a sheet of paper would upset their balance. They will weigh 1/1000th of a milligram, and there are 1,000 milligrams in a gram. It is deli-

### McLeod's Plans Going Ahead

Reconstruction of Island Inlet—Total Cost of Four Hundred Millions

White Sulphur was a money pit for the world are a standstill on. The long 12 historical tragedy of is a great thing to make that work on, and that is the only way to make it a better place than it is now.

It is part of the Leander Box reclamation plan, which involves a total cost of \$160,000,000 of which \$50,000,000 are of new tax. Many are to be won.

The first of four paddles, covering an area of 50,000 acres, is already in cultivation. The dam itself, huge buttresses of rock, and bridges included, has called for an expense of \$500,000,000, to 200 feet wide and carries

At the moment its speed is slower than a steam train to station 100 miles.

## GHOST PINE U.F.A.

Ghost Pine U.F.A. held its regular meeting Tuesday evening, with the new president and secretary presiding. Mr. E. F. Fry, director for the last year, is invited to attend the next meeting, March 13th. This is a very high place on the schedule of leaving the rural telephone. There will be further correspondence on the matter and the subject will be taken up again. In the question of changing local post office name, there seems to be a conflict of advice between local and Calgary officers, meeting voted against any change. A debate is to be arranged for next meeting on the subject of the Douglas' system of financing.

The best news we have this week is the continued improvement on the wheat market. A rise of four cents in two days was only one back one cent. Canadian wheat still leads the world in quality.

A row of three was heard Monday at the town hall when J. McCulloch, Robert S. Dwyer, and a third of goods from his farm which the latter had been storing. There was a dispute about the goods, and the goods were found to be stolen. A warrant was issued for McCulloch but the case was dismissed with plaintiff to pay costs.

**INTERESTING LECTURE**  
On Tuesday, March 14th, Rev. Mr. Aldrich, known to many here, will deliver a lecture on "The Years in Western Canada," in the Knox United Church. Collection.

## BUDGETS AND TAXES

All eyes are turned towards government budgets and taxes. Although many are looking for an estimate of the new government, some other system, the great majority of people still have confidence that a way will be found out of our financial troubles without any serious disturbance. Budgets will occupy the centre of the stage the next few weeks, and the Alberta budget, issued last Friday, is a courageous attempt to face a difficult situation.

The only new tax demand, appeared on the surface, is an extra cent on gasoline. It appears rather heavy, but the farmer government allows us to have had a spite against gas oil. From a glance at the proposals, it appears that oilfieldmen, as usual, gets off easy. "Cuts" will eventually affect the taxpayer. Low-cost school grants will have to be made up out of his own pocket, and so on.

In the face of the government's difficulties, it was scarcely to be expected that demands on the tax payers should be made any easy. With the inability to pay taxes or reduced anywhere from 50 to 75 per cent, the demand from all taxpayers authorities has been reduced to a minimum. The government's situation is not at all, nor by insignificant amounts. Government services must be maintained, make a fair profit headline, but it brings little comfort to the man who is struggling to keep his head above water.

The person to be most envied these days is the one who is holding a permanent post government or municipal job. In the past, governments have yielded to popular demand, and many government jobs have been provided jobs for an ever increasing army of public officials, who have been doing nothing, and who can now be neither divided nor reduced. Taxes, both direct and indirect, and all government costs and expenditures have been steadily increasing, until now it is almost impossible to find any new form of taxation.

## REAL ESTATE

The regular monthly meeting of the Board of Trade will be held on Thursday, March 16th, in the town hall at 2 p.m.

Mr. James S. McGuire, president of the Three Hills Coal Co., passed away on Friday, March 3rd, at a Vancouver hospital, after a lingering illness. He leaves to survive his wife, a daughter, Mr. G. N. McIntyre, Edmonton, and a son, James, at Dunsmuir, B.C. Services were held at Vancouver, Tuesday, March 7th. Mr. Bobb Stewart held Sunday afternoon to attend the funeral.

Murray Hills left Tuesday for Paradise Valley, near Lacombe, to take a position with R. A. Stewart, and his wife there. On Monday evening a funeral party was given at Mr. McIntyre's and his wife's were tendered Murray for services in his new home. Paradise Valley is a new town at the end of each north-west of Lacombe.

# President Roosevelt Takes Command Of U. S. Gold Supply

Washington, N. Y., January 25. (AP)—Secretary of the treasury, Andrew Mellon, is reviewing the president's order to take command of the nation's gold supply.

Any such intervention upon the president's prerogative is a grave matter, but Mellon, who is in a state of "mangled currency" in this connection, has not hesitated to be the first to take the gold out of the hands of the bankers and to put it in the hands of the government.

**A. B. A. Cunningham Died**  
Sunday Evening

After a lingering illness death came to one of our most respected citizens, Mr. A. B. Cunningham, who passed away at his home Sunday last April 2nd at 8 p.m. "Dad," as he has long been familiarly known, had been in ill health for a year, a time becoming more and more feeble, and, except for brief intervals, has suffered a great deal.

Born at Ouse, Scotland 70 years ago, he came to this district 15 years ago after a short time at Glenora near Calgary. Of a kindly, genial, friendly disposition, he was not better liked or better thought of than that Cunningham. His home was usually greeting us, he was friendly to all, and he has been a steady worker for over 20 years, and was presented with a life membership by the Standard Lumber Company a few years ago. He was a faithful member of a lodge, giving us the distinct and always a good job when called upon.

Deceased leaves to mourn his loss his wife, Mrs. A. B. Cunningham, and three daughters, Mrs. Peter and Mrs. John, all of whom were present for the funeral.

A very large gathering of sympathizing friends attended the funeral service, which was held at the home of Mr. A. B. Cunningham, at 2:30 p.m. on Monday, April 3rd. The service was held at the home of Mr. A. B. Cunningham, at 2:30 p.m. on Monday, April 3rd. The service was held at the home of Mr. A. B. Cunningham, at 2:30 p.m. on Monday, April 3rd.

## Eleven Nations Are Invited By Roosevelt To Economic Parley

Washington. Canada and Mexico. Friday, April 8, were invited to meet personal representatives of the United States government at the Grand Reservoir, bringing to 31 the number of nations invited and counting the host.

The invited companies, Canada, Great Britain, France, Germany, Italy, Japan, China, Argentina, etc., were met by the United States.

In every case the president expressed a desire to talk with the chief of the government if it were possible, and with one of his trusted ministers.

The latest invitations were issued to the United States and Mexico, who always follow by under-Secretary William Phillips of the state department.

President Taft's invitation was received in Washington the World Economic Conference will be held in Washington, D. C., in 1919.

The great conference on which hopes of nations are centered, is expected to meet within a week or so of the 20th of January.

Parliament of the American delegates.

tion is actually under construction by President Roosevelt. It was announced last March, Mrs. Yell announced, that she had heard in some quarters as a possible member of the committee. She said that the committee had no definite plan as yet, but that she had no doubt as to the economic program which the United States will present in the Washington conference. She said that the committee had a list of 150 members, and that it was a list of 150 members of the committee, and that it was a list of 150 members of the committee, and that it was a list of 150 members of the committee.

Another report which Mr. Brown said was the maintenance of the Ministry of the high standard enjoyed by Canadian wheat. Farmers should receive \$1.00 per bushel for No. 1 hard red winter wheat in comparison, said Mr. Lounsbury.

Elementary Teacher Says People Must Always Be Studying

Things that do not merely grow but are made, do not come into being just once and then stop. They grow through a longer period of culture. A scientist says that we do not pass the period of infancy until we are thirty years old. An eminent educator believes that we never are anything but infants, no matter how long we live. The more we know, the more we learn. The short cut to knowledge does not exist. We must be the wrong way, the hard way, the long way, in education that is "smart and snappy."

Modern pied piper is the youthful "street man of the South," who plays at street corners at Jackson, Ind., followed by troops of children. He recently issued handbills announcing a feast for 4,500 boys and girls. A3 who partook of the dinner, his invitations accepted, would pass their amusements and never fall ill. He has not opinion for night boys and has vowed that he will not talk for four years more.

years prior to Conway intended to come to Britain, which was quickly followed by the outbreak of war. The plan had now been cancelled.

He wanted to spend a holiday in England.

It would have been his first visit since the war. He approached his friends in the East movement, who communicated his wishes to the German embassy in London.

When the German embassy approached the foreign office in London the latter refused to grant the request. The German ambassador would have to be referred to much higher quarters.

Three quarters were consulted, and the answer was an emphatic "NO."

The embassy communicated the decision to Herig and the ex-prisoner of war.

Nevertheless, although he is now unofficially described as a "private individual" with all the liberties of a free citizen, he will not be going to England.

"Outreach" programs are those that encourage an individual and his family to give back to the community. Examples of such programs include:

- **Charitable Fund Raising:** Two carloads of food from Ocala's Foodbank, as well as a total of \$3,000 in monetary gifts were sent to children in need at the Children's Hospital of Ocala, as a result of the efforts of the Ocala Chapter of the National and Florida Societies of the American Red Cross, which was advertised in *Success*.
- **Opening the door of a neighborhood:** The Ocala Chapter of the American Red Cross opened the temperature gauge for its door to guests.

Information Candelaria gives, because of mutual consent, may have special advantage over guest growth further down the road. It was reported by J. H. Hines, Jr., Candelaria's cousin, at a session of the guest research committee's meeting on May 10, 1983. The report, received on various news, was the Candelaria guest industry seeking to be a part of the guest industry in Ocala, Florida.

Mr. A. B. Clapp, M.L.A. is  
to address a public meeting in the  
Lodge Theatre, near Monday even-  
ing May 14th, under the auspices of  
the Three Hills Board of Trade.  
Mr. Clapp, an under-stander, will  
speak on the work of the last ses-  
sion of parliament at Edmonton,  
and other matters. There will be  
a musical programme, commencing  
at 8:30 and everyone is cordially  
invited to attend.

Crop prospects this spring are  
excellent, the ground being watered  
with such measure. We have had  
several showers already and it looks  
like a wet summer. Looking to it  
all winter. The season is expected  
to be less than last year. The season  
is getting late but a late spring  
generally means a good year.

The outlook for better trade re-  
lations with the United States con-  
tinues to improve. If they  
will cut their tariff again, about raising  
it Alberta will get a good boost. Our  
prosperity will not need to rest on  
a short boom.

The local Elks are preparing for  
big designs in town on May 24th.  
Pioneers are being put out.

Watch for the big Best Sale  
which will be put on in town in a  
few weeks. We understand it will  
be able to buy cash meat at prices  
never reached before.

Mr. R. Main and son will take  
the Presbyterian Church services  
next Sunday. On May 13th  
they will sing at the church and  
conduct the anniversary services.

## World Co-operation In Prospect

Events of the past few weeks have concentrated attention on the interdependence of the nations of the world, and by their process of a general attack on a world scale upon the major problems of the hour, have imparted to the public a realization that at last a serious effort is being made to solve the problems which have hitherto seemed insurmountable. The world is now being treated as a single entity, and the nations are being urged to co-operate in the solution of the world's problems. This is a new era, and the nations are being urged to co-operate in the solution of the world's problems.

The idea that an international prospect is only to be looked upon as an international view was long in penetrating the minds of many people. This may have been due to the fact that the nations have been so long in the habit of looking upon the world as a collection of separate entities, each with its own interests and its own problems. It is only now that the nations are beginning to realize that they are all part of a single world, and that they must co-operate in the solution of the world's problems.

Everyone who has depended on the nations for the solution of the world's problems has been disappointed. The nations have been so long in the habit of looking upon the world as a collection of separate entities, each with its own interests and its own problems. It is only now that the nations are beginning to realize that they are all part of a single world, and that they must co-operate in the solution of the world's problems.

## Canada And U. S. Trade Agreement Prospects Are Bright

**Washington** Part of a trade agreement between Canada and United States which will be compliant to step up the interchange of commodities between the two countries is being discussed here. The impression at the state department here is that President Roosevelt will send a message to congress early in May and ask for power to make such an agreement. It is expected that in greater negotiations will begin.

Whether it would be possible to work out an agreement before the world economic conference, a Soviet official said on June 15, was a matter of some doubt. A prominent official of the department led the Canadian Press. However, if congress grants the president the right to declare war on June 15, it is not in getting down to concrete work.

"Obviously, as an American," he said

The determination on each side to be generous in understanding is most the requisite of the other nations to have been the important outcome of

these conversations, together with the desire to achieve trade of as many valuable restrictions as possible. They also discussed the methods for dealing with the region.

Officials who reported the negotiations would be maintained between Canadian Minister W. D. Norridge and his staff, with the state department, and at Ottawa between the United States legation and the

There was a tremendous crowd of Thrifties shoppers in the District's National Mall. Favored by a local holiday drive, cars pulled over to form a line in front of the store. The store was estimated to have sold over a million dollars worth of goods. The store was open from 11:00 a.m. to 8:00 p.m. and the store was the most popular of the season.

A great many Canadians who do their lives have thought and talked vaguely of going to Blue-pear some time and who have year by year resigned this expectation to an indefinite future, are this summer realizing their ambition. This is the first summer in which one arrives after attending only a few departures of Concord buses from Montreal and enjoying the boarding for the reason. A surprising number of those who will and down the St. Lawrence on their way to Europe, are the cause of the present summer in making their crossing of the Atlantic.

## Commodity Prices Increase

**Longer Volume Of Sales Also Indicates Higher Demand**

Continued rise in commodity prices, the increasing volume of sales in retail stores, increased exports of the important commodities, wheat and wheat flour, and increasing price levels and volume of transactions in the Commodity stock exchange now indicate the possibility of coming of a time of commercial and industrial prosperity in the United States. This is the opinion of statistical reports issued by the department of trade and commerce.

Wholesale prices in May were one and one-half percent higher than in February when the lowest peak since pre-war days was reached. The general index for commodities rose 1.5 percent in May over its highest level in February, the corresponding month last year and was the third consecutive month to show an increase. A young subaltern in India got himself killed by a tiger, and his parents in England, hearing of this and anxious to save the dead boy buried in their family name, wrote to the Colonel of his regiment:

"Please send poor James home to us at all expenses paid."

After many months, after an unreasonable length of time, a gigantic and enormous tiger, which they were worried to discover a day, was brought to the Colonel's camp.

"Tiger? Tiger? Tiger in our camp?"

"The Colonel replied:

"No mistake whatever! Tiger is a lion, James is a Tiger."

### Valuable Religious Relic

**Holy Coast of Christ To Be Rebuilt**  
**In Germany**

One of the most venerable religious sites in the world, the Holy Coast of Christ is to be brought into daylight again and exhibited to pilgrims of Truer (Mithraism) in Germany.

This showing of the coast of Christ will take place in the city of Berlin, and will last for six weeks, from which time the Holy Coast of Christ will be shown to the public for 43 years.

The showing of the coast is an historical event, for in the last few hundred years the relic has been viewed only five times.

The public exhibition of the Holy Coast will open on July 23 and continue to September 1. Last in the six weeks the last visitors group are reported to land in Truer (Mithraism) from the world.

Pilgrims from Ireland, Scotland, America will make the journey, and the German collections have already arranged special trains and hours of departure and the townspeople of Trieste are making preparations to receive the million of visitors, which appears almost once in every 50 years.

The wooden robe of Christ, now 12 feet long, and from 28 to 30 inches wide it has been treasured and guarded with the greatest care at Trieste since the year 330.

The first public exhibition was in 1512, when 1,800,000 people viewed it at a fortnight.

The relic was exhibited in 1810 and again in 1844.

At that time many miracles among the pilgrims were actually related to their afflictions at the sight of the garment, and many were cured.

Many has been heard up to the competition railroads are meeting in the form of airplane traffic, bus lines and freight lines, and in this connection it is interesting to note the steps taken by the Union Pacific Railroad in the United States. This company has placed on order for a trial three special trains. The trains consist

to intent devices to air-transporting to reduce air resistance. It takes advantage of all that science has discovered about air flow, strength and resistance, and it produces a device that reduces weight, and it provides the ship's captain with the most efficient means of propelling the ship at a certain speed.

This new train will "weigh only 10 tons, practically the weight of a steamroller Pullman coach, yet its built-in strength and streamlining permit it to obtain an estimated maximum speed of 110 mph on level track, and it is being designed to maintain an average of 60 mph on hilly terrain. It will attain a top speed with advantages of comfort and safety not yet obtainable in air transportation.

Such an experiment seems to be a logical way to meet the competition of the airplane and the future is bright. It is in the future that the use of large numbers of these trains will be seen, and it is in the future that the device packing where it can save a ton of weight will be seen, and it is in the future that the device for profit and if the railroad industry can make it work, it will be a great success.

**One Big Advantage**

The one big advantage, which has led to the village growing into a town, is the fact that the Government has been generous in the production of one staple commodity, i. e. electricity, to specially vulnerable areas. The farmer who is never far from the power never has to leave the house to go to the mill. And that, like those through which the power flows, is an enormous

## World Economic Conference Is Opened By His Majesty The King

London, July 26.—A large and distinguished assembly of world leaders gathered in London today to open the first session of the World Economic Conference. His Majesty the King presided over the opening ceremony, which was held in the presence of the British and Commonwealth governments.

The conference is the first of its kind since the war, and is expected to bring about a new era of international cooperation and peace.

## Mollisons Crash On Landing At Bridgeport Airport

The crash of a biplane after landing at the Bridgeport Airport, near the town of Mollison, has resulted in the death of the pilot and the destruction of the aircraft. The crash occurred on the morning of May 22, 1934, when the biplane, piloted by a local resident, was attempting to land at the airport. The aircraft struck a low wall and overturned, resulting in the death of the pilot. The cause of the crash is being investigated by the local authorities.

## The Automobiles Are

Transportation by the use of the modern automobile is becoming more and more popular. The automobile is a convenient and comfortable mode of transport, and it has revolutionized the way we travel. The automobile has made it possible for us to travel long distances in a short amount of time, and it has made it possible for us to visit friends and family who live in other parts of the country.

## Don't Be a Fraud

It is important to be honest and to not be a fraud. Being a fraud is a crime, and it can result in serious consequences. If you are caught being a fraud, you could go to jail and lose your freedom. It is always better to be honest and to do the right thing, even if it means losing out on some money.

## Shower Washing Days

Shower washing days are a great way to keep your car clean and shiny. They are also a great way to save money on car washes. Many car washes offer shower washing services, and they are usually much cheaper than a full car wash. So, if you want to keep your car in good condition, make sure to get a shower wash.

## Practical World Will Work

The practical world will work for you if you are willing to put in the effort. There are no shortcuts in life, and you have to work hard to achieve your goals. If you are willing to put in the time and effort, you will be successful. So, don't give up, and keep working hard.

## City After City from Boston

City after city from Boston, the journey continues. The scenery is beautiful, and the people are friendly. It is a great experience to travel through different parts of the country. So, if you are looking for a great vacation, travel through the country and see all the beautiful sights.

## What the Journey for the 20

What the journey for the 20th century is all about. The 20th century has been a time of great change and progress. We have seen the development of new technologies, and we have seen the world become more connected. So, the journey for the 20th century is a journey of discovery and exploration.

## Following the Success of the

Following the success of the first journey, the second journey is being planned. The second journey will be even more exciting than the first. It will take us to new and unexplored parts of the world. So, get ready for the second journey, and let's see what we can discover.

### A MESSAGE TO THE

## Alberta Grain Growers

The Alberta Wheat Pool closed its books on July 15th for  
the 1932-33 season. The organization is pleased to state  
that the volume of business transacted during the year was  
the largest the Pool elevators have ever enjoyed.

The mutual conclusion is that the thousands of grain growers  
who have given their patronage to this grain growers' controlled co-  
operative are appreciative of the services rendered and are deter-  
mined to build up within the boundaries of this Province a strong  
and aggressive organization as a co-operative basis.

The organization wishes and most appreciates during the  
new crop year a continuation of the patronage so generously ex-  
tended in the past. Those who have never before utilized  
Pool elevator facilities are invited to do so with the assurance  
that careful, courteous and efficient attention will be given to all  
business entrusted to it.

The welfare of agriculture in Alberta would suggest that all  
grain growers should be considered in the upbuilding of a truly  
co-operative elevators organization, owned and governed by the  
grain growers of the province and interested primarily in the  
welfare of Alberta agriculture.

## Mr J. E. BROWN PASSES AWAY MONDAY

We regret to record the passing  
of Mr John E. Brown, a well-known  
and highly respected old timer of  
this district, who passed away on  
Monday afternoon, July 6th, at 3  
o'clock, at the advanced age of 81  
years and 7 months.

Mr Brown had been confined to  
his bed for the past four months  
but had recently shown signs of  
recovery and hopes were entertained  
that he would soon be up again.

However, he passed away quietly  
in his sleep Monday last.

He is at Northburg, Ontario. Mr  
Brown came to Three Hills with  
his family in 1888 and has resided  
here ever since. On May 24th of  
this year Mr and Mrs Brown cel-  
ebrated their golden wedding anni-  
versary.

Besides his widow deceased  
leaves two sons, Jay and Roy, both  
living in this district, two daugh-  
ters, Mrs Long of Winnipeg, and  
Mrs. Stephens of Toronto, and  
one brother, Addison Brown of  
Chicago.

The funeral service will be held  
this afternoon Thursday at 2 p.m.  
on the arrival of Mr Long from  
Winnipeg in the L. 1000 Church  
street funeral place at Three  
Hills cemetery.

### BOARD OF TRADE

The Three Hills Board of Trade  
will meet in the Town Hall next  
Thursday the 15th at 8 p.m. A  
large turnout of members is ex-  
pected as important matters of  
business are to be brought up.

## Funeral of Mrs. Floyd Price

A very large number of friends from both town and country were present at the funeral service of Mrs. Floyd Price held in the Presbyterian Church Friday, Sep. 29. After twenty years of suffering, borne with a patient cheerfulness, she was laid to rest in the cemetery at 2:30 p.m. on Wednesday afternoon, Sep. 27th. The past year had brought much suffering, particularly toward the end. Born in Hope County, Nebraska, in 1882, she came to this district with her husband, from Wyoming in 1908. Besides her husband, she leaves three daughters, Mrs. Clarence Crawford, Mrs. H. Crawford and Mrs. M. Southern, and one son, John, all of this district. Also two brothers in Calif., one in Wyoming and one in Montana. The funeral service was conducted by Mr. Martin of Calgary, assisted by Mr. Andrew Forsythe and Mr. Leslie Crawford. Mrs. Hanson and Miss Byrnie rendered the beautiful duet, "Face to Face." The readers were Messrs. A. Davies, G. L. Andrews, Chester Crawford, F. Reed, W. A. Milan and Geo. Lee. Interment took place at the Three Hills cemetery arrangements being made by Mr. Patton.

## CARD OF THANKS

My Father and family extend their thanks for kind words rendered during the illness of Mrs. Price, and for the sympathy extended and the flowers at the end time of their bereavement.

A decision of supreme importance to the production companies of Turner Valley was given this week by the Supreme Court of Canada. The court has decided that Turner Valley Conservation Act is illegal, an act which has played such havoc with the revenues of the oil companies. The Spence Company, which holds its lease from the Dow Group, had appealed the power of the Alberta Government to interfere. If the decision holds, it is probable there may be many heavy claims for compensation for loss of revenue from other companies in similar position.

"Right you are. Some of them I still have. That was before the time of commercialized prints of adorable babies and modern youth. I favored age of innocence because it represented to me my idea of what my new mother expected of me and I could not seem to accomplish. The girl was an angelic and subservient but I thought perhaps if I looked at her every day, I should become more like her."

"But you don't, thank heaven!"  
Cassie sighed, shocked disappointment.

"What were the others? Perhaps we can get some idea of your youthful state of mind from this information."

"The Boy with a Rabbit was one, of course. I adored animals, but I and an petio Mrs. Hoyt had a horror of animals around the house. I imagine it was because she couldn't read their minds and knew just what they were thinking or What they were going to do. There was also Baby Ste-

One Wood, famous speed boat racer, is decidedly superstitious. He never starts a race unless his boat contains two tiny teddy bear dolls.

ter, dear?"

"Nothing at all," she smiled. "But I was just thinking, Peter, darling, about that old custom of carrying the bride over the threshold of the new home, so that happiness and prosperity will dwell there. This may

## Burgess Unable to Appear Will Meet Smith Here Later

There was a big crowd at the fight last night, although the news that Burgess would not appear owing to no action left many outsiders away. A substitute was sent in J. J. Jones who though not in training put up a pretty stiff defence. He was knocked down in the sixth and his seconds told him to let there be and lose good enough. It was announced that Burgess and Smith would finally meet in Three Hills next month. In the Fox Bulletin last the letter was knocked out in the fourth. The industry boy started in strong, but when Fox stepped up in the third the next round finished him. In the Bill McKinley - Shelby fight the Trucks boy again scored. It was a great night for Trucks. Shelby threw in the towel at the fourth, having already been floored twice for a count of eight. In the Three Hills bout Phippo and Freeman Phippo showed much better knowledge of the game and was given decision in the fourth round. The show opened with a little fun when five boys, Mandisford, joined in a general mix-up. Report for the show was decidedly disappointing. Mr. Armstrong is to be congratulated on the well organized and successful exhibition he had after a great deal of work put together.

## H. L. RHEIMER PASSES AWAY

An old timer of Three Hills and industry district, in the person of Mr. Henry L. Rheimer, passed away at his home at Stonybank on Nov. 26, at the age of 73. He had been ill the past seven months with cancer of the throat. The funeral service was held on Thursday, conducted by the Rev. J. Zacharias of Herbert, Sask. Mr. and Mrs. Rheimer were among the earliest residents here, having operated a boarding house near the Ford Garage, which was later burned down. Deceased leaves his widow and five daughters and four sons.

## Mixed Variety Seed Wheat Causes Big Losses

Out of sixteen local samples of 1932 wheat sent to the Lacombe station this year, only two samples were classed as good seed. As fair class seed is no better than fair seed for seed. Much of the low grade is directly due to poor, badly mixed seed, and all the different kind of good and bad, being found in some samples. Besides the loss from inferior sowing, quality of mixed grain, there is trouble and loss from difference in time of ripening, on strength and strength of straw, etc. The Seed Grain Co. have arranged a plan whereby farmers can exchange their grain for pure variety, tested seed.
